SULLIVAN SUPPLY®

STOCK SHOW FAMILY OWNED AND OPERATED SINCE 1989.

From our humble beginnings in a garage to the hallowed stalls of the most prestigious livestock shows, Sullivan Supply has been committed to providing the stock show industry with the highest quality show supplies and services. Thirty years later we remain firm in our focus on customers and creating the most innovative products in the industry. As we celebrate one significant milestone, we look to the future as a way to maintain our old school cool business style while taking our products and services to the next level. Along with our industry-leading products we are proud to offer unique services to our customers as a way to thank them for years of support. Stock Show University is a complimentary educational program created to help develop your skills. The Pulse is your daily news spot for stock show reports and updates with free advertising to our customers. The \$20,000 Sullivan Supply scholarship program awards passionate stock show youth. We also proudly sponsor junior nationals and team fitting contests across the country. We thank you for your loyalty for the last 30 years and can wait to see where the next 30 takes us!

Sincerely,
John Sullivan, Founder of Sullivan Supply and Stock Show University

CARING AND PROFESSIONAL STAFF

Do you have questions? We have the answers. We love and live the livestock show business and our friendly staff has extensive experience in all phases of the show industry. Call us today for someone who understands your showing needs and will help you solve the most difficult challenges.

QUALITY, INNOVATIVE & EXCLUSIVE PRODUCTS

We offer the most complete collection of products available for the livestock show industry. Nobody offers more cutting edge technology. We have always stressed a dedication to quality and are continually developing new products to better suit the ever-changing show industry.

FAST SHIPPING SERVICE

No one beats Sullivan's when it comes to fast, accurate shipping. We process orders the same day they are received and ship five days a week.

CUSTOMER SATISFACTION AND DEPENDABILITY OUR #1 PRIORITY!

NEW performance electrolyte that enhances muscle definition.

The **ONLY** electrolyte on the market with probiotics & prebiotics for gut health.

SULLIVAN'S

RESTORE PRO

PERFORMANCE ELECTROLYTE

- Increase Fluid Intake
- Enticing Flavor
- Faster Hydration
- Enhances Muscle Definition
- Aids in Gut Health Prebiotic & Probiotic

Restore Pro is high energy, performance electrolyte that replenishes the hydration of the animal and restores depleted muscle cells making them fuller and more hydrated. With added probiotic and prebiotics Restore Pro also aids gut health in times of stress. Restore Pros appealing flavor additive increases fluid consumption resulting in the best possible fill and muscle definition. Use Restore Pro as a daily top dress to keep animal electrolytes and gut health in check. Add to animal's water weeks leading up to travel so your animal will look its best when arriving at a show. Safe for all species of livestock.

SULLIVAN'S

HYDRATOR

NOURISHING CONDITIONER

- Replenishes Natural Oils
- Vitamins Feed the Skin and Hair
- Proper Balance of Natural Oils
- Light Weight & Fast Absorbing

Scientifically formulated hydrating & nourishing conditioner that uses the hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and hair health as well as hair growth and strength. We took a look at some of the oils used in today's hair care products and realized that for the high % of the oil used they were only contributing to a low % of the actual nutrition to the hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

ESKIMO COOL COLLAR

COOLING COLLAR

- Evaporative Cooling Technology
- Snap Activated
- Double Backed Mesh Material

Using the same material as our Eskimo Throw Cooling Towel, the Eskimo Cooling Collar is made to easily fit your calf's neck with quick, secure Velcro straps. Simply wet down the collar, place around the animals' neck and leave under the fan. The fans air flow will instantly activate the cooling properties of the collar. When the collar is dry simply take a pump-up sprayer with water, and re-soak the collar to reactivate the chilling capabilities. This collar can be left on all day and only takes a little water to be reactivated. Also, unlike other cooling collars, the lightweight fabric won't weigh down the animal or create any extra body heat when it is no longer cooling. *See Page 73 for ordering information.*

FASTER HAIR AND HIDE REGROWTH

SULLIVAN'S

FIGHTING FIVE

FUNGUS TREATMENT

- For ALL Species
- Faster Hair & Skin Recovery
- Faster Ringworm Elimination

Sullivan's Fighting Five is a blend of natural oils that prevents, eliminates, and heals all types of fungus such as ringworm. The unique ability to repair the damaged skin on your animal results in faster hair or wool regrowth. Fighting Five can be used to prevent a breakout if the animal has been exposed to areas infected with fungus. It is recommended to treat equipment that has been exposed to ringworm and other fungus with Fighting Five. *See Page 42 for ordering information.*

Knock Out is a powerful stain remover that has a unique biodegradable formula. It can break through the bond on dirt, grime, feces, dust, and stains that is on the hair, wool and skin of all livestock. Simply spray Sullivan's Knock Out directly onto the stained area, brush it through, and blow out. *See Page 41 for ordering information.*

Now Manufacturing All Aluminum Showboxes in Dunlap, Iowa

For showman across the country, the showbox is a lifetime product, something that show life is centered around. We know it is our responsibility to manufacture showboxes that are not only designed with the latest and greatest features but that are also built to the highest standards. In 2017, we added Tim Smith to our team as head of our engineering and manufacturing department, Tim and his team are helping us take our aluminum showboxes to the next level. Our boxes are now made of the highest quality materials by highly skilled welders on state of the art manufacturing equipment. We have made slight design and production changes to increase the experience our loyal customers have with our showboxes.

REBEL

SHOWBOX

•Double Wide Can/Bottle Slide Out

•Deep Door Shelving

•54" Tall

•Available in 4 Colors

Sullivan's REBEL Show Box is an elite, durable show box comprised of unique features and designs for the top showman. The body is built to hold everything you might need in well-organized compartments. One of the many unique features is the double wide can slide out that will hold two rows of aerosol cans or quarts in the top compartment and gallon bottles on the bottom shelf, all the while keeping them hidden and easily accessible. The REBEL is equipped with two slide out drawers that will hold up to 50 lbs. and a slide out bottom shelf for easy access. The double deep door can hold two rows of cans or one row of gallon bottles per shelf and will fit even the tallest sprayer bottles. Along with all these special features what really makes the REBEL a stand out is that it is the first of its kind to be offered in multiple specialty colors. Black Chrome will be the standard color, with Tradition Red, Electric Blue and Illusion Purple available on specialty order (please allow 7-10 days before shipment). *See Page 77 for ordering information.*

THERMAL SHEEP BLANKET

- Made of 600D Polyester Oxford Water-repellent fabric
- Honey Comb pockets offers Thermal Technology
- Solid capped rear to keep heat from escaping.
- Fully Adjustable shoulder and belly straps

The Thermal Sheep blanket is a great construction made of 600D Polyester Oxford Water-repellent Fabric for the exterior, coupled up with a polyester inner lining. A unique Honey Comb pockets offers additional Thermal Technology - this construction creates air chambers that retain heat to insulate and shield you sheep from the cold elements. Designed with a solid capped rear to keep heat from escaping, this blanket is fully adjustable with front shoulder straps and underneath straps made of high-grade Nylon with durable and easy to use Velcro attachments. For increased longevity, the blanket is constructed with a heavy-duty nylon trim, and accented with a reflective collar. This sure to be a staple to protect from the cold weather!

See Page 122 for ordering information.

Tail Curved Inset - This allows the goat's tail more movement to allow it to keep its tail erect

Raised Collar - Reflective raised Collar to protect against fungus on the back of the neck

SULLIVAN'S

WETHER SHIELD

Insulated Goat Blanket

- Water Repellant Nylon Material
- Thermal Layer of Fleece for Added Warmth

The Wether Shield is a thermal insulated blanket made of a nylon water resistant exterior and built in inner fleece core designed to be worn by itself or underneath another blanket for traveling in the winter weather adding extra warmth. Improved sizing and tail curved inset allows the goat's tail more movement and allows for an up to date comfort fit. Equipped with an expandable spandex pleat, designed to allow ease of movement when exercising. Designed with a reflective raised collar to protect against fungus on the back of the neck, and two easy to use Velcro straps that allow for the perfect fit on any size animal. Offered in four sizes (S, M, L, XL)

See Page 124 for ordering information.

Fitting Concepts ... The Steps to Success

For the ultimate benefit of this product, follow these steps ...

STEP 1 ... Glue the leg with Sullivan's Prime Time or Tail Adhesive.

STEP 2 ... Spray on White Powder'Ful (shake well) to build-up leg and thicken the hair follicles. It also provides a brighter visual for clipping.

STEP 3 ... Use Powder'Ful to build your leg alternating it with small amounts of Tail Adhesive. If you are building a black leg use Black Powder'Ful. This will allow for better coverage when you paint.

STEP 4 ... Once you are done building the leg with Powder'Ful, the final step is to completely cover the leg with Jet Black and/or Black Finisher for a natural black look.

STEP 1

STEP 2 & 3

STEP 4

When fitting a leg, there is one product line that stands out ... Sullivan's ... performance that will not let you down. No Wilt. No Melt.

Sullivan's Adhesives

Trust the Science...All the Champions Do!

By John Sullivan, Founder of Sullivan Supply & Stock Show U

"How did you create the industry leading Sullivan's Prime Time and Tail Adhesive?" is a question quite often asked by customers and friends. It's very important to formulate an adhesive to work in all weather conditions. Cattle create a lot of body heat and sweat even on a cold January day. The steamy, humid hide is the challenge and is exactly where Sullivan's Prime Time and Tail Adhesive separate themselves from others. Here is a general explanation why.

1. Prime Time and Tail Adhesive are composed of adhesive concentrates derived from extremely fine liquid rubberized resin compounds. Resins can be synthetic or plant based and are similar to substances found in pine trees and other plants such as rubber trees/plants.
2. Exact balance of base adhesive resin in combination with specialized propellant formulations disperse the adhesive out of the can in ultra fine molecules each time it is sprayed.
3. The evaporation system when sprayed allows it to dry adequately fast. Keeps it from becoming wet or "gummy", which is very important.
4. The solvency of the product when first sprayed allows it to remain workable, flexible, and easily formed.
5. Unique balance of dry time: slow enough that it allows you to comb to desired position, yet fast enough to dry firm and clip off crisp.

This all creates an adhesive that will not wilt or melt. This formulation is impossible to duplicate without our exact recipe.

Sullivan's Prime Time is formulated lighter, is more flexible and clear in a pure form of adhesive. This is the BEST option for no paint shows. Sullivan's Tail Adhesive was created to dry faster, very crisp, the perfect adhesive for experienced fitters to provide a firm humidity-tolerant hold.

No Wilt, No Melt, the Best Adhesive on the Market.

Sullivan's Tail Adhesive™

Tail Adhesive is the highest strength adhesive. It has unmatched holding power for flat lying, hard-to-hold hair on legs and when shaping the tail ball. You can depend on Tail Adhesive to dry completely and hold its firm shape in all types of weather with no fall-down when Touch-Ups are applied. It is tremendous for creating a thicker appearing hair follicle by simply spraying light coats, and repeating after each coat has dried until the desired look has been achieved. Cover with a Touch-Up of your choice.

TAHC			
- Tail Adhesive Handy-Can, 7 oz.	\$7.95	- 12 can case, 8 lbs.	\$93.50

Sullivan's Prime Time Adhesive™

Prime Time is our strongest show day leg adhesive with holding power that is ideal for medium length, thinner hair types. It creates body and volume with the clear, natural look you demand. Prime Time will perform in all types of weather - winter, spring, summer or fall. It holds hair firmly in place and will not "wilt" or fall down in humidity. Sullivan's Prime Time is formulated lighter, is more flexible and clear in a pure form of adhesive. This is the BEST option for no paint shows. Dries completely and leaves the hair crisp so it can be clipped easily. The natural look with a little more holding power. Available in Clear or Black.

SHOW DAY GROOMING

Thicker ... Fuller ... Like NO OTHER ...

Sullivan's
POWDER'FUL™ Powder Spray
 Hair Thickening Powder.

The first hair building powder spray specifically designed for livestock hair. Sullivan's POWDER'FUL creates extra depth and dimension to each hair follicle during the hair building process, without the appearance of becoming too heavy, gloppy or unnatural. Great for legs, bellies, flanks, top-lines and tail heads. As an added benefit, after applying over adhesives, the drying powder agents contained in POWDER'FUL allow the hair to be clipped easily, better than any previously known product. The two color options, white and black, make it easy to build legs without having to use an excess of paint to cover it up. Check out page 28 for fitting steps on the best way to use Powder'ful.

- Follicle builder
- Easy to clip through
- Most natural full look you will get from any product
- Will not leave hair wet and gloppy
- Available in Black and White Powder Spray
- Fast drying
- Does not weigh the hair down like other leg builders

ADHESIVES

Sullivan's EZ Comb Adhesive™

EZ Comb is a light adhesive for thick, good hair coats. Strong enough for leg hair, yet clear and light enough to use on the body. EZ Comb does not weigh down or mat the hair. It actually creates volume and body to the hair for more expression. Dries crisp, clear and is easily clipped. Great for the finishing touches while at the show ring.

EZ

- can, 12 oz.	\$8.75
- 12 can case, 14 lbs.	\$103.95

Sullivan's Formula 1® Adhesive™

A unique adhesive designed for a natural and clear look that you can comb through with ease. Strong enough for legs, yet easy to comb through for body hair. Dries easily so hair can be clipped off nice and clean without clogging clipper blades. Formula One is a great starter adhesive to break and form the hair when grooming stubborn, unruly hair. Finish with a heavier adhesive for the final set.

F1

- can, 12 oz.	\$8.75
- 12 can case, 14 lbs.	\$103.95

Sullivan's Jet Black Touch-Up™

Jet Black Touch-Up covers adhesives, leg builders, and faded hair completely. The hair will appear thicker, fuller and deeper black. Jet Black Touch-Up is ideal to cover Ultra White as the first black touch-up used in the leg building process. It has unique drying abilities that creates texture to the hair without breaking down your adhesives. Jet Black Touch-Up has a medium black color.

Sullivan's Black Finisher™

Black Finisher is applied as the last step in the leg building process. Its bright black color and natural shine matches the natural black color of body hair. This black touch-up delivers the deepest, most natural black appearance that we have ever seen. Black Finisher gives you great coverage and build-up on the hair without breaking down adhesives and leg builders. The number one choice of professionals.

Sullivan's Ultra White Touch-Up™

Ultra White Touch-Up covers stained or faded hair with a smooth natural powder-white color. Ultra White is tremendous as a leg builder to achieve a thick, fuller appearance to hair, even on black cattle. After leg adhesives are completely dry, apply Ultra White. It will not break down your adhesives. Ultra White goes on with powder-like particles to give a more natural appearance than heavy adhesive leg builders.

Sullivan's Relax Hair Straightener™

Sullivan's Relax is the perfect solution to help straighten curly, kinky and wavy hair. The ingredients found in Relax work in two different steps, the first penetrates the hair shaft softening and relaxing the follicle causing the hair to straighten. The second forms a hold on the shaft that keeps it from reverting back to its previous curl. Use Relax in the final days leading up to a show, when clipping and on show day.

RLX - can, 10 oz. **\$9.75**
 - 12 can case, 12lbs. **\$115.75**

Sullivan's Styling Mousse Spray Foam™

A multi-purpose grooming product to give extra holding power to the body hair. It creates a stronger, thicker appearing hair coat. Hair will look natural with the holding power you desire. Valuable for training hair, show day grooming or clipping. Works great with Zoom Bloom for show day grooming.

SHOW DAY HAIR PREPARATIONS

Sullivan's Flare™

*Amplifies Hair Dimension & Shine without weighing the hair down.
Works on ALL Hair Types in all temperatures.*

Sullivan's Flare is a hair amplifier that adds dimension and shine without adding weight to the hair, something we felt was lacking in our industry. We have perfected this formula to work on all hair types and in all temperatures. Sullivan's Flare is the superior show day product. 100% satisfaction guaranteed. Add a little Flare to your show day hair.

Directions: Apply even coat over body, comb in and blow for 5-10 minutes. Add more where it is needed. Does not need to be washed out.

FLARE -

Can, 5.7 oz. **\$5.95** 12 can case, 6.5 lbs **\$69.85**

This light show day oil delivers an amazing deep shine to body hair. Spray on immediately before entering the show ring for that final shine needed. Being a liquid product, Final Accent can be used in the make-up area at major shows.

FA - 16 oz. **\$16.50**

Sullivan's Shock™

For clipping and show day ... the best product we have ever used.

Legit hair pop and shine without the oil residue. This is the best show day hair product we have ever used. Shock that lifeless, flat show day hair back to life with Sullivan's Shock. This mixture of all natural ingredients creates a show day hair pop like no other. Not only does it penetrate deep, forcing the hair to stand at attention, but it also gives a deeper, fuller look to the hair while also adding a shine without any oil residue that weighs the hair down. You can also use Sullivan's Shock before clipping to make the hair rise for an easier, smoother clip. Sullivan's Shock is a ready- to-use product, no dilution needed.

ADHESIVE REMOVERS

Sullivan's Hocus Pocus™

The Natural Alternative

Fresh and Natural, Hocus Pocus will not irritate hair or hide. This natural product is a healthy alternative that will make a difference in your show day wash out. The pure ingredients of Hocus Pocus are formulated to naturally attack and gently remove adhesives and touch-ups away from the hair to allow for superior cleaning. Hocus Pocus is fortified with non-drying emollients and the nourishing VITA HAIR vitamins to naturally moisturize and soften the hair shaft. Hocus Pocus will not leave an oily residue to build up heat or eat away leg hair. This makes Hocus Pocus ideal when re-fitting is needed in a short period of time. Simply spray onto hair where adhesives and touch-ups have been used, comb into hair and wash-out with Sullivan's Vita-Hair Volumizer Foaming Shampoo.

Sullivan's Hair Savior™ Adhesive Breakdown

Hair Savior™ is just that! A liquid adhesive breakdown that is healthy for leg hair. Hair Savior™ adhesive breakdown features a proprietary blend of the purest, mild cosmetic grade plant-based ester technologies to naturally attack and gently remove adhesives and touch-ups away from the hair. These specific plant based surfactants have been specially identified for their unique ability to naturally counter-act the tackiness of adhesives, changing their rubberized molecular resin structure to gently dissolve the bond from the hair without any harsh stripping. This properly balanced pH formula prevents heavy, oily residues and will not create heat. Contains the Sullivan's VITA HAIR™ nourishing vitamin package. Hair Savior™ is the first liquid adhesive breakdown product with added hair vitamins to hydrate and regenerate the hair. Mild and gentle, no harsh chemicals like other removers. Hair Savior™ ... the showman's choice for repetitive show schedules and leg hair health!

The Premier Daily Hair Care Choice

Sullivan's Kleen Sheen™

With Vita Hair, the hair vitamin advantage.

Kleen Sheen is the fantastic daily hair care conditioning formula for producing healthy, well trained hair with that "Ultra" shine. Fortified with the VITA HAIR™ and moisturizers that boost hair strength to create better conditioned hair. Repels dirt to keep animals cleaner. This light sheen is perfect for daily hair care, clipping and show day grooming. Spray Kleen Sheen over entire body once a day, every day. Requires no washing out.

Naturally Healthy for Hair ... HOW? The purified chemistry of Kleen Sheen hydrates the hair naturally with a blend of non-petroleum, non-drying emollients and conditioners for soft, manageable and stronger hair coats. Its purity of naturally derived resources prevents the deposit of harmful minerals and toxins that could penetrate, causing dull, dry or damaged hair. Kleen Sheen is biodegradable, earth safe, and free of abrasives, petroleum, or toxins which can be irritating!

Sullivan's REVIVE LITE™

Follow the science of Revive Lite & Vita Hair.

REVIVE LITE is specifically formulated with extra light cosmetic grade oils to allow for a more refined version of our ever popular Revive. This product was created to feature the same great conditioning as Revive but with warmer weather in mind. When the hair coat becomes thinner and lighter oils are preferred. With the purest of oils, the hair will not glob or stick together. It actually does the opposite creating an added lift to the hair with more separation, giving the hair a thicker look.

Use REVIVE LITE once the animal has been washed and blown completely dry. Coat the entire body evenly including legs, belly and tail head. Comb in, roto brush, blow dry and style hair like normal.

When applied, this new formula lightly coats and easily penetrates the hair and absorbs into the skin without clogging the pores. Revive LITE, however, with its lighter molecular structure, can actually penetrate deep into the cortex of the hair strand to infuse essential nutrients and lipids for the utmost moisturizing and hydrating properties.

Revive LITE is also fortified with the advanced VITA HAIR nourishing Vitamin package.

REVL - can, 17 oz.	\$8.99	- 12 can case, 17 lbs.	\$105.50
---------------------------	---------------	-------------------------------	-----------------

Sullivan's Revive™

A great product to promote healthy and beautiful hair coats. The foaming action of Revive dissipates into the hair to moisturize and bring life, body, and freshness to dull, dry hair without leaving the hair waxy or limp. Revive is formulated with a purified grade of nourishing bio-based plant leaf and seed oils along with olive oil and high-grade lanolin ester emollients that penetrate and condition the skin and hair with nature's nutrients. The natural antioxidants contained in Revive stimulate circulation within the scalp to increase nutrient absorption into the hair follicles for faster, healthier hair growth. Revive is high in Vitamin E and fortified with VITA HAIR™.

For daily care, spray over the entire body, comb in and blow deep down to the skin. Let Revive soak into the hair over-night, rinse out in the morning. It also works great to eliminate flaking skin.

For cattle that are kept in a cooler, apply REVIVE during the day and rinse out before letting out for the night. For a quick conditioning treatment during hot weather, apply REVIVE, comb in, blow dry deep into the hair and rinse immediately. Apply daily depending on hair dryness.

REV - can, 17 oz.	\$8.99	- 12 can case, 17 lbs.	\$105.50

VITA HAIR

Sullivan's Hair Nourishing Vitamin Package

Finally, a hair nourishing product for cattle with no added weight or the flat, waxy build up from human conditioners.

VITA HAIR™

is an advanced nutrient package that infuses the hair with proven hair vitamins for ...

- Faster Hair Growth
- Thicker Hair
- Increased Shine
- More Body & Volume
- Healthier Skin
- Improved Nutrient Absorption

Hair Vitamins ... an Industry First from Sullivan's

Biotin is a tremendous vitamin for HAIR GROWTH. The major benefit of Biotin is its ability to strengthen both the hair follicle and hair shaft, along with increased elasticity of the cortex to prevent hair breakage and dryness. This enables healthy, FASTER HAIR GROWTH. Biotin also thickens the actual hair cuticle providing a fuller appearance.

Pro-Vitamin B-5 is the king of all HAIR CARE vitamins. It stimulates healthy scalp circulation which leads to improved hair health. As an added benefit, it also possesses superior long term moisturizing properties because of its unique ability to penetrate and nourish the hair shaft; then sealing the surface to protect and make the hair shine.

Vitamin E is an antioxidant that stimulates circulation throughout the skin and supports capillary growth. When there are more capillaries, the circulation improves leading to increased nutrient absorption into the hair follicles, which speeds hair growth.

#1 Selling Shampoo

Sullivan's Volumizer Nourishing Shampoo

Follow the science to healthy, hydrated hair.

Vita Hair Volumizer™ Foaming Shampoo is formulated with a natural plant-based proprietary surfactant technology which creates an opposite acting polar electrical charge within each hair strand that actually pushes every hair follicle apart. This prevents the hair from sticking together, and actually springs it loose, making each hair follicle stand on end for a noticeable difference in hair volume and body.

This exclusive chemistry for livestock consists of chemically altered ions. Ions are small electrical molecules within surfactants that usually have positive or negative charges which create an attraction to each other. In livestock hair, this attraction causes hair follicles to stick to each other. The non-ionic chemistry of Vita Hair Volumizer™ inhibits an unusual neutral charge to the ionic molecule of each follicle creating no attraction or pull between the hair strands. This neutral charge actually enables each hair follicle to stand free for extreme hair separation.

All this with a plant based neutral pH makes it gentle and nourishing to the hide and hair as it gently cleans deep, down to the roots of each hair follicle. Fortified with Sullivan's VITA HAIR™ a nourishing vitamin package to boost hair and skin health without added weight to hair. Designed to be used in a foamer. Now available in a five gallon jug.

Sullivan's Hydrator Nourishing Conditioner

Scientifically formulated hydrating & nourishing conditioner that uses the hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and hair health as well has hair growth and strength.

We took a look at some of the oils used in today's hair care products and realized that for the high percentage of the oils used they were only contributing to a low percentage of the actual nutrition to the hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

HNCQ - quart, 3lbs \$15.50 - 12 quart case, 36lbs \$176.50

SULLIVAN'S SMART SERIES

SMART Bucket™

360 SMART Brush™

SMART Sensation Brush™

SMART Sensation Brush XL™

SMART Feed Scoop™

**The #1 daily
hair care brush!**

the **SMART
SENSATION**

Brush™ by Sullivan's

The Smart Sensation is like no other.

The advantage of the SMART SENSATION is how it amplifies the volume of the hair as it lifts it up from the hide without causing curls, kinks or matting that is often associated with rice root or massage brushes.

The original Sensation features seven rows of 129 precisely placed ball-tipped teeth. You can actually see the Smart Sensation brush create hair separation off the skin allowing air to flow deep into the hair base for added hair stimulation.

Healthy for hide and hair, the SMART SENSATION gently massages the hide to stimulate blood flow that releases natural oils from the skin to coat the hair and promote healthy hair growth.

The SMART SENSATION is similar to human vent hair brushes but has been designed to the proper size for show cattle and includes a more comfortable handle application.

The Sensation XL features a wider 10 row design containing 199 uniquely placed ball-tipped teeth. The extra rows of the XL contain 54% more teeth than the original to create more gentle, stimulating contact to the skin and hair with each stroke of the hand.

The Smart Sensation is available in two different sizes for different types of hair coats and your convenience ... the choice is yours.

Cattle love the feel of the stimulating SMART SENSATION!

**Highest Quality Brush Tips in the Industry
Available in both 6" and 9"**

Sullivan's 360° Smart Brush

The 360° Smart Brush is a daily hair care brush made to create a complete 360 degrees of hair lift. With its 945 soft teeth, the 360° will easily glide through every curvature making sure no hair is left lifeless. With its soft plastic bristles, this brush also massages the hide to create circulation to promote better hair growth. The 360° Smart Brush is a daily care must have.

360 - 360 Brush, 7 oz.

360M - 360 Mini, 4 oz.

\$27.50

Sullivan's
SENSATION **CURVE**

The brush for thinner haired cattle.

Introducing Sullivan's SENSATION CURVE, this NEW twist to our popular SMART SENSATION delivers even more stimulation to the skin and adds body to the hair coat, making it a hair growth must have.

With the SENSATION CURVE'S 302 precisely placed ball point teeth, no hair will be left clinging to the hide. Best for dull, lifeless hair that still needs volume due to lack of base coat.

Not only does the SENSATION CURVE contain 134% more teeth than the SMART SENSATION, but the teeth are also narrower and more flexible to allow hair and skin to be stimulated with an even gentler massage. The SENSATION CURVE's design also has a more rounded curvature to the brush, which encourages more fluid rhythm to the hair working process while the Sullivan's NEW textured grip enhances the users comfort.

Like the SMART SENSATION, the SENSATION CURVE is healthy for hide and hair. By providing a gentle massage to the hide it stimulates blood flow that releases natural oils from the skin to coat the hair and promote healthy hair growth.

This brush will be the perfect addition to your daily hair growing tools.

CURVE - Sensation Curve, 9 oz.

\$24.50

Sullivan Stimulator Combs™

The Stimulator Comb's plastic teeth are constructed of the perfect synthetic material to stimulate a healthy hide and promote new hair growth. Great for daily hair care since the durable plastic teeth glide through the hair easily and are so much more gentle in their massaging of the animal's scalp than steel combs. Often compared to a Massage Brush in the design of a comb, all in one tool. The Stimulator Combs are not designed for grooming legs with adhesive. Available as a Regular Comb (black), Fluffer (red), and Skip-Tooth (blue).

Helpful Hints -

How do I know what comb to use?

Combs come in many shapes and styles. We always recommend a SMART Comb or Stimulator comb for daily hair care work. Their plastic teeth are more gentle to prevent scratching the hide, allowing for healthier skin and hair. They are also a must to use while showing your livestock. They are safer in your pocket than metal tooth combs. Metal tooth combs, however, are the only comb that we recommend for grooming with adhesives.

SULLIVAN BRUSHES

NEW

Sullivan's Roto Fluffer Brush™

The Ultimate Show Day Roto Brush

This new twist on the traditional roto brush will take your hair presentation to a whole new level, with its tremendous ability to separate and lift the hair creating a full body look it will become your show day go to tool. Built into a durable aluminum housing sets two styles of bristles. The first being 3/4" soft flex bristles made for ultimate separation and lift to thick coats. The second being 1/4" fiber bristles to provide superb undercoat separation. Combining these two bristles provide hair volume like no other that works on all types of hair coats to provide an even fluff without making the hair wavy. The Roto Fluffer is best used for clipping, fitting, displaying and show day preparation. Refer to page 15 for larger picture.

ROTO*
FLU - Roto Fluffer Brush 1 lb. **\$24.50**

Sullivan's Staggered Bristle Roto Brush™

The Daily Show Barn Roto Brush

The Staggered Bristle Roto Brush has rows with staggered lengths of bristles, one row with long, the next row being 1/4" shorter. The short-cut rows allow the long bristles to work deeper into the hair. This creates more lift and volume to the hair, prevents the matted look and invigorates stimulation to the hair base for new hair growth and faster hair training.

- The short rows are cut to a length 1/4" shorter.
- Lime green color allows for easy visual while working with all hair colors.
- Lock nut keeps the brush securely tight and prevents it from spinning loose.
- The soft, gentle grade of synthetic bristles prevents the brush from being too harsh as compared to stiffer roto brushes that can scratch and irritate the hide.
- Flat side of bolt allows it to lock tight in the drill and keep from spinning loose. A common problem with other roto brushes.

ROTO*
STAG - Staggered Bristle Roto Brush, 1 lb. **\$22.50**

Sullivan's Mini Staggered Bristle Roto Brush

32% shorter and 11% smaller diameter as compared to our full size Roto brush. It works excellent for working leg hair or wool on all livestock, especially small animals such as sheep, goats, miniature cattle and even show pigs. It is easier to maneuver between legs on small livestock. It is also more comfortable for a young person who normally struggles to handle a full size roto brush. Features the same bristle length and row pattern as our Staggered Bristle Roto Brush. Creates tremendous lift, volume and stimulation to the hair and wool. 4" long.

ROTO*
MIN - 12 oz. **\$17.50**

Tail Clamp

A very unique clamp constructed of strong galvanized steel to help prevent the animal from swinging its tail. Finger operated to easily set onto the tail shaft of cattle. It is designed with two protruding buttons to the inside of the clamp that, when applied, press against the tail shaft and create pressure points against nerves causing the animal to hold the tail more still. A great tool to use when clipping or fitting. Length of clamp is 5-1/2".

TC - 1 lb. **\$12.50**

Sullivan's Tail Bag 2.0™

Protection for your precious tail hair!

Added Velcro material to keep the bag secure around the tail makes the Sullivan's Tail Bag 2.0 a daily hair care must have.

Use the tail bag every time you Roto Brush to protect the hair from being caught in the Roto Brush. Also works great while fitting, the bag keeps the hair out of the way until its time to ball the tail.

Medium Coat Hair Shedding Comb

Features the new larger 5" wide single blade design with narrow 3 mm spaced teeth. Perfect for medium hair coats or thick hair coats after they have been thinned with the Thick Coat Shedding Comb.

HSC-M - 5" wide, 1 lb.

\$29.50

Sullivan's Dually Hair Shedding Comb

Now, truly a hair shedding comb designed for all show cattle hair coats ... thick or thin! Removing dead hair has never been so simple and effective, EVER ... saves days!

This double-sided hair shedding comb features rounded stainless steel teeth with extra-wide spacing on one side that gently penetrates deep into the thickest, "wooly" hair coats removing old dead hair, yet leaving the healthy hair unharmed. Flip the comb over to the other side with narrow spaced teeth to remove dead hair from medium coats. The perfect two-step process.

Simply pull the Dually™ through the hair coat in the direction you are training the hair before washing/rinsing. Repeat daily until shedding is complete. It's simple, effective and saves hours.

Always remember ... the faster the dead hair is shed out, the faster new, fresh, healthy hair will grow.

SULLIVAN'S TEXTURIZED GRIP

Patent Pending

Now the top comb in the industry has been improved by adding a NEW Texturized Grip to the handle giving the user a comfortable non-slip grip. This new grip is made from a unique cross-linked polymer alloy which creates a special non-slip diamond pattern with a textured finish. It easily withstands extreme show day conditions as well as keeping the comb more secure in the users back pocket and will not slide or fray. Available in Sullivan Comb, Fluffer Comb and Double Stuff.

The original theory of Teflon Combs dates back to 2001 when John Sullivan, Founder of Sullivan Supply and Stock Show University, and Scott Kinzer became frustrated with sticky clogged up combs.

Sullivan's Teflon Combs have revolutionized the way a comb can be used while fitting. Teflon is a solid polymer that is considered to be one of the world's most slippery and water resistance substances. It has one of the lowest measured coefficients of friction of any compound. Although not fool-proof, especially since adhesive is still a very sticky substance, you will be glad to see a 40 to 50% improvement of less matting, less hair drag, less static, and less stick to the comb. It is definitely easier to clean adhesives from this comb and saves time while fitting.

Less Stick for more Leg Hair Perfection!

Now in 6"

An industry first from Sullivan's, the Innovative Leader!

Sullivan's

**For Today's Thicker, Longer Hair...
We have met your demand.**

1/2 inch longer teeth

Sullivan's Tiger Tooth Comb™

Introducing Sullivan's Tiger Tooth™ comb, with its added 1/2 inch longer teeth, the Tiger Tooth comb is the answer for longer haired cattle. By adding extra length to the teeth we have eliminated the hair from touching the comb bar, allowing even the longest hair to stand on end. With our patent pending Teflon coating, this comb will glide through even the longest hair making for leg perfection. The Tiger Tooth also features Sullivan's Texturized Grip.

Available in Teflon Fluffer, and Teflon Double Stuff.

Built to last with the proper teeth - Sullivan Combs.

ALL Sullivan Combs are manufactured to strict specifications with industry leading designs. Each individual comb tooth is shaped and heat treated to ensure the perfect balance of extreme strength with little bend, yet not brittle to cause breakage. With attention to detail, each tooth is individually placed by hand to assure consistency on every comb. The comb blades are crimp pressed to hold each tooth firmly in place. We do not use glue which can dissolve when exposed to water and adhesive removers.

*The Sullivan combs are made
in Dunlap, Iowa, U.S.A.*

SULLIVAN'S SUPERSTICK SHOW STICKS

Sullivan's Carbon Fiber Show Stick

The Elite Show Stick!

Extremely strong, yet lightest in weight!

Constructed from high-end carbon fiber material commonly used for aerospace parts. Carbon fiber is five times stronger than steel, yet features a feather-light feel that is 25% lighter than aluminum sticks. All this in a beautiful high gloss checkered translucent pattern. Available in 54", 60" and 68" lengths. (full image of stick is pictured on the right)

Easily Fits in Suitcase

Soft Stroke

For Show Sticks

The Soft Stroke slides on to any Sullivan Show Stick to provide a massaging, scratching tool. Often, cattle are sensitive to the metal hook of a show stick. The pliable plastic construction of the Soft Stroke makes even the most jumpy cattle more relaxed with its gentle feel. Show Stick sold separately.

SOF - 4 oz. \$15.75

SULLIVAN'S 1ST CLASS & TOTAL GRIP SHOW STICKS

Sullivan's 1st Class Show Stick™

Step into the ring with the new Sullivan's Designer Grippled Show Sticks, with three stylish grip options. Two of the options are your choice of either brown or black leather wrapped grips to give you that genuine leather feel, with a look of class. The third option is the clear crystal stone option; these stones are imbedded flush into the handle to give you an added sparkle in the ring. These show sticks are only available in medium and large sizes.

**NEW & Exclusively
at Sullivan Supply**

Cruise Control Cable Halters

Patent Pending

Cruise Control Calf Cable is made of 1/8" galvanized 7x19 cable. This is the original model and is to be used on milder attitude calves, with smaller issues such as leading or holding head high. This is great for young showman to maintain control over their animal while in the ring to help keep them and their animal safe.

Emergency Brake Calf Cable was developed for those calves that really need an attitude adjustment. This cable is made of 3/32" galvanized cable. This will surely put the brakes on those with bad attitudes! We suggest using this cable when your calves are trying to duck their head and run off on you.

CCCH - Cruise Control Cable Halter, 1 lb. **\$34.50**

EBCH - Emergency Brake Cable Halter, 1 lb. **\$34.50**

Rope Chain Halters

Designed to be left on show cattle. Leather nose piece prevents halter from digging into nose of calf. Lead rope sold separately.

Sullivan's

AIR EXPRESS III™

The Leader in Air Velocity and Quality Craftsmanship

U.S. Patent Numbers:
D.427,388 and 6,305,325 B1

R: Red

O: Orange

PI: Pink

N: Screamin' Neon

LG: Lime Green

FG: Green

BL: Blue

PU: Purple

BK: Black

S: Silver

Sullivan's Air Express III™

The Air Express III is the only blower on the market to be awarded two U.S. Patents. It's exclusive aerodynamics, efficient design and cartridge filter system are U.S. Patent Numbers D. 427,388 and 6,305,325 B1. The Air Express III has set the new standard. There simply is no other blower that matches the Features, Power, and Value of the Air Express III. Sold complete with hose, filter and hose clamp.

New Two-Year Warranty

All* - 32 lbs. **\$419.50**

*Specify Color -

- BK: Black N: Screamin' Neon R: Red PI: Pink LG: Lime Green PU: Purple
O: Orange FG: Green S: Silver BL: Blue

More Features ...

Unique protected patented filter design.

Patented aerodynamic front end design increases air velocity.

More Power ...

- **Durable Metal Rear End Cap**
A patented design. *Super Quality!!*
- "W" - Shaped Leg structure is welded at six points for added strength and durability.
- The manufactured seamless body keeps air from leaking out. The beautiful Powder Coat finish retards rust.
- The Aerodynamic Front End increases air velocity for more air power! The funnel design on the **AIR EXPRESS III** has less air restriction. More efficient AIRFLOW with less RESTRICTION means **MORE AIR POWER** to dry your livestock **FASTER!**
- Each **AIR EXPRESS III** is equipped with two of the most powerful, high efficiency motors available. We test our motors extensively to ensure quality standards. 2185 watts of power.
- The **ONLY** blower with a supplemental heater. The Heat Booster increases air temperature up to 10% to dry animal **faster.**
- **CARTRIDGE FILTER** slides into **Metal Rear End Cap** for complete protection. No more broken filters! Larger opening in the back allows for more air intake which provides **more air power.**
- **15' Industrial Quality Hose** is smooth on the inside to provide more air power. Clamp and hose included with each unit.

Research Shows the **AIR EXPRESS III** is #1

	Air Flow (cfm)	Air Velocity (feet/minute)
AIR EXPRESS III	73.87	7105 ft./min.
Circuiter II	72.32	7014 ft./min.
The Blow Out	72.36	7017 ft./min.

Research also showed that the **AIR EXPRESS III** provides substantially more heat than it's competitors. Testing was conducted by Dr. Ken Ragsdell, Dept. of Engineering, University of Missouri, Rolla.

More Value!!

Watch the online video demonstration of Sullivan's **AIR EXPRESS III** at www.sullivansupply.com

Sullivan's AIR EXPRESS MINI Blow Dryer

The MINI is engineered with the same patented, exclusive features as our industry leading Air Express III blower. It is equipped with one, high powered, high efficiency motor instead of two as with the full size Air Express III.

Sullivan's Blower Mounts

Hang your blower from a fence, a trailer or many other places. Works excellent to get the blower up off the ground and out of the way. The blower wraps around the top of the hanger.

BLHA - Fence Mount 7 lbs. \$37.50

BWM - Wall Mount 7 lbs. \$37.50

Sullivan's EXPRESS FOGGER™

The blower fogger engineered for the needs of the modern showman. The Express Fogger is used with a blow dryer for fogging or misting liquids directly onto livestock.

EF - Express Fogger complete, 8 oz. \$28.50

- Tremendous Fine Mist Output
- Twist and Lock Cap securely attaches onto the bottle. NO more lids with threads that frequently blow off the bottle.
- Easy to hold, slim neck bottle.
- Easy operation! Simply fill with desired liquid and insert blower hose nozzle.
- Fat bottom bottle provides better stability. Holds over 44 ounces of liquid.

Sullivan's Blower Holder

This unique item attaches a blower to the top of any Sullivan Blocking Chute. It allows the exhibitor to mount a blower up, out of the way. A great safety feature.

BLH - 5 lbs.

\$37.50

Nozzle Tip with large opening.

For use with large 2" diameter hose on double blower hose system to allow for larger volume of air output.

BTO2 - Blower Tip only for 2" hose, 8 oz.

\$10.95

Sullivan's Air Express III Cartridge Filter

Keep your blower running at its top performance - change the filter regularly! Dirty or broken filters lead to a shorter life for your blower.

AEF - 6 oz.

\$9.95

Sullivan's Air Express Blower Hose

High quality replacement blower hose used for the AIR EXPRESS III.

Added Features & More Space for Fitting

Sullivan's Stretch Cadillac Chute™ 9 ft adjustable chute

Everyone has been asking for a larger chute. One with more room to fit in, but one that will also fit into your trailer easily; well your wish is our command. Sullivan's Stretch Cadillac Chute is the most unique chute to date. With a telescoping aluminum foundation, the Stretch can expand from a 6.5 ft compact storage mode to an impressive 9 ft show day mode, making it both the smallest and largest grooming chute on the market. Designed with the showman in mind. In storage mode the Stretch Cadillac will fit practically anywhere in your trailer. In show day mode the Stretch will give you extra length to hold your largest animal, allowing you to have space behind to work around. Each extension has a built-in stopper to keep pieces secure. Also included on this chute is a ridged area on the headpiece that prevents the halter from sliding down the bars when tied.

STEP UP: Simply unfold the front and back of chute, insert pins, then loosen the two round flat head bolts on the base of chute with the attached tool. Once both bolts have been loosened, simply extend the chute by pulling from the back. When fully extended, carefully tighten the base bolts. Then loosen bolts on top bars and expand to chute length, place pins and tighten bolts. Repeat with sidebars, and lastly place your extension padded floor in the space allowed.

STORAGE: First remove top and sidebars then loosen bolts at the base of the chute. Once bolts are loosened, lift the back of the chute up allowing the extension floor to drop. Slide the chute into itself and tighten the base bolts. Unpin and fold down front and back upright bars, loosen bolts on the top and sidebars to fit into allowed spaces and tighten bolts. Make sure all bolts and pins are tight and secured prior to transportation. **Head tie not included.

ST9 - 9' Stretch Cadillac Chute *Floor Sold Separately, 135 lbs. \$1,145.00
Chute Dimensions: 7' h x 34" w. \$30 Packing Charge. Freight Only

ST9F - two piece chute floor, 45lbs. (Dimensions: 9' x 29") \$174.50

Cattle can safely step over and step back

Head tie yoke angles up to allow for more head room

Simple one handed head gate operation!

Handles in back make it easier to move

Rounded, Spring loaded side bars! Easily position side bars vertical or horizontal!

Look at the Great Features available on Aluminum, Hybrid, or Steel Cadillac Chutes.

- Bottom cross bar on head gate has been lowered for calf's front leg safety. Cattle can step over and step back without getting hurt.
- Sullivan's Exclusive Head Gate features a handle that does not stick out past the side of the chute. No more hitting your head on the handle! Simple one handed operation.
- Stouter, bigger wheels allow for easier movement.
- A Sullivan Exclusive - Spring loaded side bars can go up, down or sideways. No more clumsy handles or latches for side bars.
- Head tie yoke angles up to allow for more head room.
- Handles in back make it easy to move.
- Round spring loaded side bars for the safety of your animal.

- **SPECIAL FEATURE:** Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.

Sullivan's Cadillac Chutes represent
The Ultimate in Design

Sullivan's Aluminum Cadillac Chute™

Rounded Corners on tubing do not have sharp edges making it more gentle and safe for cattle. Rounded corners don't pull hair when cattle rub against bars. This special type of tubing offers the strength of square tubing with the safety of rounded corners. Sullivan's Aluminum Cadillac Chute is the only one in the industry to have this special extruded radius tubing for aluminum chutes! Other Great Features are ...

- Super Light - Easily portable for shows - EASY to move and can be set up or taken down in minutes.
- 2 inch tubing with rounded corners. Sturdy 9 gauge aluminum.
- Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.
- Head tie yoke features three tie-loops for many tying options.
- Available in three sizes: 7 ft., 7 1/2 ft., or 8 ft long.

Sullivan's Aluminum Cadillac Chute is 15.75" deep collapsed.

Watch the online video demonstration of Sullivan's Cadillac Chute at www.sullivansupply.com

Sullivan's Hybrid Cadillac Chute™

This chute combines all of the same great features as our Cadillac Aluminum and Cadillac Steel chutes! It offers the best of both worlds - Lightness of an aluminum chute plus the added strength of steel. This chute is equipped with a durable steel base for added stability. Everything above the base is aluminum to keep it light in weight. The steel base takes the flex out of the aluminum to provide a more durable product.

SPECIAL FEATURE: Aluminum side bars and head gate bars have been powder coated so no aluminum color rubs off onto your animals.

- Head tie yoke features three tie-loops for many tying options.
- Available in two sizes: 7 ft. or 8 ft long.

Now in a more affordable starter kit.

Sullivan's Lakeside Lights™

Sullivan's Lakeside Lights are specifically engineered, no heat, 24-volt lights that will chase the shadows away. Made from the highest quality LED crystals on the market for the best over all lighting. Each specially engineered circuit board is placed inside an extruded aluminum housing making these lights not only light weight with a slim design, but they are also durable and moisture resistant. The entire kit of lights connect to each other for one continuous stretch of lighting without needing multiple power supplies. Each light gives you two options for mounting: One option is magnets built into the housing of each light made for steel chutes, steel fan cages and other equipment. The other is a Velcro strap for aluminum chutes and other aluminum items, these straps easily slide through the built-in brackets and fasten with no over lap. Four kits available starting with the most affordable, the Starter Kit, up to the impressive Deluxe Kit.

- Highest quality LED crystals
- No heat
- Slim design
- Easy attachment
- Directional Lighting
- Moisture resistant
- All lights connect using one power supply.

LLSK - Lakeside Lights Starter Kit, 6 lbs. **\$325.00**

- Durable

HPW - 1 lb. \$5.99

The **TURBO** pushes air 5,560 feet per minute at an incredible 1,740 RPM's and an industry leading 8,453 CFM's.

Sullivan's

TURBO™

Livestock Fan

Dominant Motor Performance ... READ BELOW WHY.

- Sullivan's TURBO ... America's #1 Livestock Fan!
- Nothing matches the Turbo for Air POWER! The Turbo pushes air 5,560 feet per minute at an incredible 1,740 RPMs and an industry leading 8,453 CFM's. This is 22% faster and harder than the other livestock fans. Keeping your livestock cool depends on providing a push of high velocity air power to your animal.
- The Dominant Motor Performance ... We have over-engineered the Turbo motor for added performance. The premium Nidec-Emerson 1/2 HP sealed ball bearing motor features a very important component, a 10% larger internal stator and rotor 'stack' for more horse power than standard 1/2 HP motors. This extra 'stack' powers it to run faster than any other livestock fan that we know of. As an added benefit, the Turbo motor runs 11% cooler than competitors 1/2 HP motors, this allows cooler air output from the Turbo. All while only drawing 4 AMP's of electricity, equalling a super efficient fan!
- The Problem-Free Guard... Built for Longevity! Constructed of extra-thick 7 gauge and 11 gauge steel wire that is formed into a continuous one-piece spiral formation for reinforced strength that is not provided in other fans. This engineered craftsmanship has proven to create strength that is virtually crush-proof! Baked-on powder coat treatment for corrosion resistance and a cleaner appearance. No other fan guard withstands the rigors of the show road like the Turbo.

TURBO - 24" TURBO FAN, 48 lbs.

\$284.50

**Shipped completely assembled. mounting hardware included. Fan bracket hanger sold separately.

Sullivan's Showbarn Fan™

The Showbarn Fan is specifically designed for your livestock showbarn. It runs quiet and its air flow is dispersed in a wider air pattern. You'll be pleased with our Showbarn Fan features:

- The deep cage design allows for less friction between blade and cage resulting in a superior quiet fan with awesome air flow coverage throughout your barn.
- Super efficient, heavy duty 1/2 horsepower ball bearing motor draws only 4 amps.
- The improved deep cage has been strengthened with heavier duty wire to add durability.
- Front hinged cage opens to provide easy access to clean grime from your blades.
- Specially coated cage is black in color for a cleaner appearance that blends with your display. Some deep cage designs that are white easily show dirt and grime and are subject to fragile wires on the cage.

T28 - 49 lbs.

\$294.50

**Shipped completely assembled. mounting hardware included. Fan bracket hanger sold separately.

Fan Bracket Hanger

Easily hangs a fan from a 2 x 4 or rafter.

Hooks directly to garden hose. Emits a light evaporating mist of water at the rate of 1/2 gallon per hour. Length is approximately 18".

AR1 - 1 lb. **\$19.95**

COOL DOWN YOUR LIVESTOCK!

Sullivan's Eskimo Cooling Collar
Livestock Cooling Collar

Using the same material as our Eskimo Throw Cooling Towel the Eskimo Cooling Collar is made to easily fit to your calf's neck with quick secure Velcro straps. Simply wet down collar, place around animals' neck and leave under the fan. The fans air flow will instantly activate the cooling properties of the collar. When the collar is dry simply take a pump-up sprayer with water and re-soak the collar to reactivate the chilling capabilities. This collar can be left on all day and only takes a little water to be reactivated. Also, unlike other cooling collars the light weight fabric won't weigh down the animal or create any extra body heat when it is no longer cooling.

ESKC - 1lb, Fits 1,000lbs and Up

\$27.50

Sullivan's Eskimo Throw Cooling Towel

This towel is great to cool down any livestock or person on a warm day. Simply wet and ring out, holding the towel by each side snap the towel 3-5 times to activate the cooling technology and you're ready to use. The dual fabric technology cools the towel the more air flow it receives. If the towel starts to lose its cool temp feel simply snap the towel again to reactivate. Once the towel is dry it will de activate, simply add moisture and snap to reactivate. The towel is 40" by 20" you can fold the towel to cool more concentrated areas. It's soft, comfortable double backed mesh material is light lightweight and the built in evaporative technology keeps the cloth colder longer. Care Instructions: Machine Wash, tumble dry on low heat Check out page 14 for additional photos.

ESK - 40" x 20", 1 lb.

\$18.50

Sullivan's Arctic Ice Pack™

For Cattle

This product is designed to keep your calf more comfortable during hot days. Use on show day 30 minutes prior to showing or daily during heat to drop the body temperature. Prepare Ice Pack by soaking in ice water for 30 to 60 minutes. Re-soak periodically during daily use.

CIP - Arctic Ice Pack , 1 lb.

Sullivan's Arctic Chill™

When the hot weather hits, keep your cool with Arctic Chill. This newly designed, durable, black steel misting ring will turn your fan into a cool comfortable oasis during the summer heat. The Arctic Chill uses a unique nozzle that creates a micro fine mist which flash evaporates, cooling the air up to 30 degrees. Three nozzles are placed on a 16" diameter durable, black powder coated steel circle that has a 6' lead line that connects directly to a garden hose or the Sullivan's Ice Box. The Arctic Chill will attach to any 24" fan.

ARC - Arctic Chill, 3 lbs.

NECK SWEATS

Large size is pictured

Sullivan's HYBRID HEAT Neck Sweat™

This NEW, composite sweating system features the benefits of neoprene and the durability of leather all in one deluxe unit. The removable neoprene lining is constructed of the same closed cell SBR copolymer neoprene material as our popular BLACK HEAT Neck Sweat. This material is proven to be ideal to reach maximum sweating potential for cattle. It is sewn with a no-fray fabric binding around the outer edges to prevent tearing. The durable leather casing surrounds the neoprene to provide support and protection. Velcro attaches the neoprene to the leather, holding it firmly in place, yet allowing it to be removable for easy cleaning or replacement. Available in two sizes. Chafing pad included with each sweat.

HHS-M - Medium , (550 - 1,000 lbs.), 4 lbs.	\$99.50
HHS-L - Large , (750 - 1,500 lbs.), 5 lbs.	\$99.50
HHSLM - replacement liner for medium sweat , 1 lb.	\$29.95
HHSLL - replacement liner for large sweat , 1 lb.	\$29.95
BHNP - replacement nose piece w/ 2 velcro straps , 3 oz.	\$5.50

Sullivan's Hot Sweat - Sweating Lotion

An effective sweating lotion to tighten excess skin in the neck area. Apply the lotion to the neck by hand and wrap with Sullivan's Black Heat Neck Sweat or the Hybrid Heat Neck Sweat. Leave the sweat on for up to 12 hours, remove and wash neck with shampoo. The ideal procedure is 12 hours of Hot Sweat and 12 hours without for two to four days. Use with caution on sensitive skinned animals.

HSW - quart, 1 lb.

\$26.50

Sullivan's Neoprene Lined Leather Neck Sweat

A leather neck sweat and a neoprene sweat all in one! The neoprene lining provides maximum sweating potential to remove excess dewlap. The neoprene lining stays much cleaner than fleece.

LSNL - Large w/one lip, (650 - 1,200 lbs.), 3 lbs.

Sullivan's BLACK HEAT Neck Sweat™

Change your front end with BLACK HEAT!

This double-stretch, closed cell SBR copolymer neoprene black sweating material has been scientifically proven after hours of research to be the best material to reach maximum sweating potential for cattle. The bonding of this advanced micro fiber neoprene with the velvet knitted fabric creates more sweating results than any material we have ever tested. The No-Fray design features fabric binding sewn around the outer edges to prevent tearing and to add strength. Velcro is permanently sewn in place for your convenience. Dramatic results in just three to five days! Available in four different sizes.

BHS-S - Small , (350 - 650 lbs.) 12" x 45", 2 lbs.	\$44.50

Sullivan's RENEGADE Showbox

Sullivan's Renegade Show Box. This high-end quality show box has all the bells and whistles. First of which is the charging station located in the top compartment of the main body. The lockable side door compartment allows you to keep your valuables safe while charging them, also a great place to keep wallets, purses, registration papers and other valuable documents. The next feature is the LED lights throughout the center body of the box to help you find what you're looking for in poorly lit areas. This box also comes equipped with a can holder slide out for easy access to your aerosol cans and quart bottles. And a durable pullout shelf at the bottom so you won't need to strain yourself grabbing things in the back of the box. The fully loaded show box is topped off with a beautiful finished Black Hammer Tone Powder Coat to give it a sleek, sharp look. Made with the highest quality craftsmanship, the Fully Loaded Show Box will cover all your show road needs.

- 110 Volt Outlets
- USB Chargers
- LED Lights throughout body
- Black Hammer Tone Powder Coat Finish

Sullivan's

REBEL

Showbox

- Double Wide Can/Bottle Slide Out
- Deep Door Shelving
- 54" Tall
- Available in 4 Colors

Sullivan's REBEL Show Box is an elite, durable show box comprised of unique features and designs for the top showman. The body is built to hold everything you might need in well-organized compartments. One of the many unique features is the double wide can slide out that will hold two rows of aerosol cans or quarts in the top compartment and gallon bottles on the bottom shelf, all the while keeping them hidden and easily accessible. The REBEL is equipped with two slide out drawers that will hold up to 50 lbs. and a slide out bottom shelf for easy access. The double deep door can hold two rows of cans or one row of gallon bottles per shelf and will fit even the tallest sprayer bottles. Along with all these special features what really makes the REBEL a stand out is that it is the first of its kind to be offered in multiple specialty colors. Black Chrome (which will be the standard color), Tradition Red, Electric Blue and Illusion Purple will be available on specialty order (allow 7-10 days before shipment).

REB - Rebel dolly box, 195 lbs. \$1265.00

FOUR BOLD COLOR OPTIONS

Sullivan's Side-x-Side Dolly Box™

This 54" tall dolly box features extra width and extra depth as compared to typical dolly boxes, yet in a slightly shorter design for better ease of handling. The perfect combination! It creates more efficient and accessible storage of all your supplies. Versatile for your unique needs.

- Side-by-side door system features four over-sized shelves measuring 7 inches deep on each side. Plenty of room for cans, all the way up to gallon sized liquid jugs.
- Equipped with one 6" tall drawer and one 12" tall drawer; both on roller slides for smooth, effortless operation.
- Easily accessible large opening at the bottom for storing many items.
- Built-in hooks to hang halters and combs.
- Lockable show stick holder on the back.
- Doors are constructed of treadbrite aluminum and the main body is crafted from steel for long term durability.
- Attached wheels and handle for easy hauling.

SULLIVAN'S BREEDERS DISPLAYS

Sullivan's Breeders Display™ (Pictured Above)

The design of the breeders display will enhance your cattle and bring respect to your ranch name.

Stall Divider is made of square tubing with mesh on bottom of divider to hold bedding in place. Divider nails to the front of the stall. The divider is 8' in length, 42" tall at the front of the divider and 30" tall at the back of the divider, (Feet sold separately).

The Ranch Sign Holder (sold separately) is made of square tubing and will also hold your fork and scoops in place. The top tube extends out 28½" allowing you to easily hang a sign that is up to 30" wide. The height of the sign holder adjusts from 7'2" to 7'6" off of the ground and makes your sign very noticeable. All Sullivan's Breeders Display components are available in black painted steel or aluminum.

Sullivan's Aluminum Front Stall Panels

These front panels are a great way to customize your stall display. Functional and fancy! Use anywhere - in the barn or out at the tie-outs.

Side Stall Dividers securely fasten to these front panels to create a sturdy tie for your cattle at any height. (Stall dividers sold separately on page 80.) The Sullivan Steel or Aluminum Stall Dividers will easily attach to the panels.

Height of each panel is 66". Constructed of durable aluminum tubing. Solid aluminum sheeting at the bottom prevents bedding from pushing through. Available in two different length panels:

- 1) Solid 8 foot long panel.
- 2) Expandable panel that telescopes from 5 foot to 8 foot in length. Adjusts in length for almost any stall size.

Accessories sold separately include: movable head-tie loop bracket, fan stand bracket to attach your upright fan stand. Sets up or tear down convenient!

The **ONLY** electrolyte on the market with probiotics & prebiotics for gut health.

Sullivan's Restore Pro 
High Energy Performance Electrolyte

NEW performance electrolyte that enhances muscle definition.

- *Increases Fluid Intake*
- *Faster Hydration*
- *Muscle Definition*
- *Aides in Gut Health with Prebiotics & Probiotics*
- *Enticing Flavor*

Restore Pro is a high energy, performance electrolyte that replenishes the hydration of the animal and restores depleted muscle cells making them fuller and more hydrated. With added probiotic and prebiotics Restore Pro also improves gut health in times of stress. Restore Pros appealing flavor additive increases fluid consumption resulting in the best possible fill and muscle definition.

Use Restore Pro as a daily top dress to keep animal electrolytes and gut health in check. Add to animal's water weeks leading up to travel so your animal will look its best when arriving at a show.

Safe for all species of livestock.

Sullivan's Devour It™ Appetite Enhancer

Improved Formula

Garlic and cinnamon extract with B12. 

Getting your animal to the condition you want can be a stressful situation when they are sluggish eaters or simply won't eat. With Sullivan's Devour It let worrying about consumption be a thing of the past. Devour It is specifically formulated to enhance appetite and get your animal on track. The all-natural ingredients in Devour It includes natural oil extracts from garlic and cinnamon. These natural oils change the microbial community in the rumen, increasing the availability of peptides and amino acids, which stimulate the growth of important rumen bacteria, this results in rumen efficiency, reduces incidence of bloat and increases gain. Devour It also contains Vitamin B12 resulting in boosted energy levels to combat fatigue and sluggishness during times of stress.

Feeding Directions: Feed 1oz per head per day top-dress. Feed every day to keep your animals appetite active. If your animal is off feed use Sullivan's Show Road Appetite Express + paste in conjunction with Devour It to replenish the good bacteria in the rumen allowing your animal to get back on track faster.

DEV - bucket (190 day supply), 12 lbs.

PROBIOTICS, PREBOITICS & B12

Sullivan's Show Road

Super Charged Formula's

Top Seller

Prebiotics, Probiotics & B12 all in one ... this super charge formula is the first of its kind.

Sullivan's Show Road Appetite Express +

Prebiotics, Probiotics & B12 all in one ... this super charged formula is the first of its kind. This remarkable formula will keep your animal on the right track through stressful transportation and showing. Appetite Express + helps bring an aggressive appetite and energy boost to the animal. Administer 10 to 15cc per day orally several days prior to travel to maximize the beneficial microbial flora within the animal. Continue to administer orally at the show to keep your animals gut in good health. This super charged formula of Prebiotics, Probiotics and B12 will restore the balance to your animal in any stressful situation.

- Prebiotics are non-digestible dietary fibers that deliver nutrition to microorganisms. Enhancing the growth of these good microbes promotes many beneficial health effects within the animal. You will see improved nutrient digestion and nutrient absorption as well as strengthening in the immune system, bowel pH, hypertension and irregularity.

- Probiotics contain live naturally occurring beneficial microorganisms that replenish the good bacteria colonies in the rumen of an animal. Each 10 cc dose delivers a potent source of 8 Billion live bacteria cultures and 8 Billion live yeast cells. These beneficial microbes and yeast have many important modes of action, such as production of lactic acid which is harmful to pathogenic bacteria, production of enzymes to aid in nutrient digestion and absorption, competition for nutrients and attachment sites with harmful bacteria (Competitive Exclusion), production of other anti-microbial compounds which helps keep the balance of good and bad bacteria in the correct order. Probiotics have many other undefined benefits which help account for the positive performance seen with this product.

- B12 boosts energy levels, which helps fight fatigue and sluggishness. Vitamin A has multiple functions: it is important for growth, development and maintenance of the immune system. Vitamin D increases the absorption from the digestive tract and also aids in the formation of sound bones and teeth. Vitamin E's principal role may be as a chemical antioxidant to reduce the destruction of other vitamins and essential fatty acids both in the digestive tract and after their absorption. This product also contains helpful levels of Niacin and Thiamine.

SRAE - 60 cc tube, 8 oz. \$17.50 **SRAEC - 6 tube case, 3 lbs. \$97.50**
SRAE300 - 300 cc tube, 1 lb. \$39.50 **AG - 300 cc Applicator Gun, 1 lb. \$25.95**

Higher levels of Potassium, Magnesium and Sodium along with vital minerals for improved water consumption and retention.

Sullivan's Show Road Replenish Electrolyte Paste

One of the biggest issues when going to a show with livestock is getting them to drink. Show Road Replenish Electrolyte Paste contains higher levels of Potassium, Magnesium and Sodium along with vital minerals, essential for water consumption and retention. One tube contains two doses. For best results, use Show Road Replenish then follow up with Show Road Appetite Express + to keep the stomach working properly to provide an aggressive appetite.

ECP - 60 cc tube, 8 oz. \$16.50 **ECPC - 6 tube case, 3 lbs. \$87.50**

900mcg per 15cc treatment as well as 1 billion CFU (colony forming units) of live bacteria. An unmatched energy boost ingredient.

Sullivan's Show Road Super Charge B12 Paste

Does your animal act lethargic or run down after traveling or had stress related to weigh-in? Give them a dose of Show Road Super Charge B12 paste. This paste contains a potent supply of Vitamin B12 from 300mcg per 5cc giving the animal a valuable supply of 900mcg per 15cc treatment as well as 1 billion CFU (colony forming units) of live bacteria probiotics. Show Road Super Charge B12's combination of essential vitamins helps to boost energy levels and fight fatigue and sluggishness during times of stress. For cattle, administer 15cc prior to show as well as each day at the show. For pigs, sheep and goats administer 5cc both before and during shows.

B1260 - 60 cc tube, 8 oz. \$17.50 **B1260C - 6 tube case, 3 lbs. \$97.50**

A faster solution for diarrhea with Kaolin and Pectin as well as 2.5 billion CFU (colony forming units) of probiotic microorganisms.

Sullivan's Show Road DiaHalt +

When cattle get stressed from a change in location or change in feed it can cause them to have irregular digestion and thus diarrhea. This all natural anti-scour paste contains high levels of Kaolin and Pectin as well as 2.5 billion CFU (colony forming units) of Enterococcus faecium an important probiotic microorganism that is beneficial to digestion and rumen action. Show Road DiaHalt is especially useful for younger cattle that are being shown for the first time. **FOR BEEF CATTLE ONLY.** Administer at the rate of 5cc per 150lbs of body weight.

DIA - 80 cc tube, 8 oz. \$17.50 **DIAC - 6 tube case, 3 lbs. \$97.50**

Now Offered in 30-day Supply

Sullivan's Fresh & Feminine™

"The secret to eye appealing show animals!"

Feminine shape and freshness in the front end of your show animal spells ultimate success or failure in the show ring today. Tried and true for many years, Fresh & Feminine™ has been the secret at Sullivan Farms for over 10 years. It has been an integral part of their feeding regiment and credited with producing outstanding freshness and ultimate show ring success of their cattle at major shows for years. The superior science of Fresh & Feminine™ features strategic vitamins, minerals, amino acids, antioxidants and by-pass protein sources. This chemistry boosts metabolic fat burning that targets specific areas of the body to reduce fat content, most notably in the neck and brisket area. As a result, your animal has a more feminine, attractive physique and even moves better. This helps to offset the results seen from aggressive, high energy show diets. All natural and fertility safe for market and breeding animals. Turn to page 17 to see the volumes of winners that choose Fresh and Feminine!

Hide and Hair

Hide and Hair is a revolutionary hair growth product. Not only has it been shown to grow hair but it also encourages skin health which is essential for optimum hair growth. Hide and Hair contains kelp and seaweed which has been shown to lower body temperature. This product comes in a granulated form, is extremely palatable, and best of all, it contains no melatonin. When feeding products containing melatonin there is a point where hair growth reaches a peak and then the hair sheds, but with Hide and Hair you are able to achieve consistent hair growth over a longer period of time. Feed at least 60 to 90 days before show. Top dress at the rate of 9.6 oz. (1.5 scoops) per head per day. Hide and Hair is research based, field tested, and produces the strongest results in the industry!

GFLG - 1 gallon, 8 lbs. **\$29.50**
GFL - 5 gallon bucket, 40 lbs. **\$129.95**

FINAL COVER™

Final Cover is a finishing product to put fat cover on an animal. It contains bypass fat and proteins designed to build a smooth fat cover along with a glossy hair coat in show cattle. Final Cover's unique bypass fats do not interfere with the animal's rumen activity. Top dress 1/2 to 1 pound per day. Feed at least 60 days prior to show.

FCO - bucket (60 day supply), 30 lbs. **\$86.95**

Stand-Alone

Stand-Alone has been formulated to be hassle free, by taking the place of several of today's show supplements, and is a complement to any show cattle ration. The unique blend of multiple source protein and a quality vegetable oil, combine to create a one of a kind product not found in the show industry today. Shake Well. Feeding directions are guidelines.

Cattle: For steers and heifers under 750 pounds top dress 6 to 8 oz per head daily. For over 750 pounds top dress 12 oz. per head daily. For bulls and donor cows feed 16 oz. per head daily for flushing or breeding.

Goat: Feed 1 to 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when goat reaches 70 pounds or as needed. Feed bucks for breeding 4 oz. per head daily.

Sheep: Feed 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when lamb reaches 100 pounds or as needed. Feed buck lambs for breeding 4 oz. per head daily.

Swine: Feed 3 oz. per head daily when pig is 45 to 100 pounds. Increase to 5 to 6 oz. per head daily when pig reaches 100 to 200 pounds. Feed market pigs over 200 pounds, gilts, and boars 6 to 8 oz daily. For best results, mix two parts water to one part Stand Alone.

SAC5 - Cattle Regular 5 gallon (66 day supply), 40 lbs. **\$125.00**
SAG1 - Goat 1 gallon (48 day supply), 8 lbs. **\$55.00**
SAS1 - Sheep 1 gallon (48 day supply), 8 lbs. **\$55.00**
SAS - Spigot Sold Separately, 4oz **\$5.00**

Stand-Alone Chubby

StandAlone now comes in a "Chubby" version. Like all StandAlone Cattle products CHUBBY provides nutrients for optimal appetite, hair coat, joint and hoof health, and fat development, however, the new formula combines different sugars and oils than previous blends. StandAlone's unique combination of protein, fat, sugars, nucleotides and minerals are specifically calculated to help animals to reach their full genetic.

Cattle: For steers and heifers under 750 pounds top dress 6 to 8 oz per head daily. For over 750 pounds top dress 12 oz. per head daily. For bulls and donor cows feed 16 oz. per head daily for flushing or breeding.

Goat: Feed 1 to 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when goat reaches 70 pounds or as needed. Feed bucks for breeding 4 oz. per head daily.

Sheep: Feed 2 oz. per head daily when show animal is first obtained. Increase to 3 to 4 oz. per head daily when lamb reaches 100 pounds or as needed. Feed buck lambs for breeding 4 oz. per head daily.

CHUC2.5 - Cattle 2.5 gallon (66 day supply), 8 lbs. **\$69.50**

CHUCS1 - Sheep 1 gallon (60 day supply), 8 lbs. **\$67.00**
CHUP1 - Swine 1 gallon (60 day supply), 8 lbs. **\$55.00**
SAS - Spigot Sold Separately, 4oz **\$5.00**

Game On™ Firm Cover All Over

- **HOG FEEDING DIRECTIONS:** Top-dress 2 to 8 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake.
- **CATTLE FEEDING DIRECTIONS:** Top-dress 4 to 12 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake.
- **SHEEP & GOAT FEEDING DIRECTIONS:** Top-dress 2 to 6 ounces per head per day of Game On along with the normal amount of regular show feed needed to achieve the desired feed intake. Can also be used as a drench.

GAB - bag 8 lbs. **\$58.95**

3 Hours Out™

3 Hrs Out contains electrolytes and several innovative ingredients to help the animal metabolize energies to give a one of a kind look that will impress the judges. If you've ever used Prop, you can use this product, get better results without the worry of wrecking one. 3 Hrs Out is a MUST HAVE for every show box! 15cc tube

3HR - 15cc tube, 4 oz.

\$15.00

Moorman's Firewater™

Firewater contains a blend of electrolytes, amino acids and dextrose. It acts as an energy source and replaces lost nutrients during the rehydration process to obtain a fresh look. For swine, sheep, and goats add 6 oz. of Firewater to 18 oz. of water. For cattle add 12 oz. to 64 oz. of water.

FW - jar, 3 lbs.

\$34.50

Juiced

Juiced delivers a unique blend of fast absorbing amino acids and electrolytes. It provides essential muscle hydration for those animals that may be stressed or dehydrated. Along with the necessary hydration, Juiced also supports increased glycogen levels. This creates a "swell" effect down the cellular level of the muscle to produce explosive top and rear quarter shape. Great for all livestock. Dosage: for 1,100 lb animal or heavier, administer 1 gallon over a 48 hour period prior to showing. For animals between 500 to 1,100 lbs., administer 3/4 gallon over the 48 hour period. For less than 500 pounds, administer 1/2 gallon over the 48 hours.

JG - gallon, 10 lbs.

\$89.50

BLOAT REMEDIES

Bloat Drench

A drench to help solve problem bloating. A must to keep in the show box at all times.

BD - 12 oz.

\$8.50

Mineral Oil

A lightweight oil administered orally to animals to help relieve bloat. Also used by Ultra Sound Technicians when scanning cattle.

MOQ - quart, 3 lbs.

\$8.50

Salt Brick

Great for use at shows to encourage extra water intake. Measures 7" long x 4" wide x 2.5" thick.

SBRI - 4 lbs.

\$7.75

Sustain III Bolus

Administer orally to beef cattle at the rate of 1 bolus per 200 lbs of animal body weight. Used to treat diseases sensitive to sulfamethazine.

SIII - single, 4 oz.

\$2.85

SIII50 - pack of 50, 5 lbs.

Sullivan's

APPETITE EXPRESS™ Probiotic Granules

A great probiotic feed additive to promote aggressive appetites and proper digestion. Helps to maintain a healthy state in your animal's digestive tract and encourage appetite even during severe stress periods such as shows. Top dress or mix into your existing feed in the following manner. Feed 1/2 ounce per head per day. To be used on show animals or your general livestock program at home. Appetite Express is great for beef cattle, dairy cattle, swine, sheep, goats and horses.

AE5 - bag (160 day supply per head), 5 lbs. \$34.50
.... 10 or more \$32.50/each

	Dosage	Microbial Activity	Live Yeast	Yeast Culture	Enzymes
Appetite Express	1/2 oz.	19.5 Billion	Yes	Yes	Yes

Sullivan's LITE-AID™

A natural diuretic paste used to aid in the excretion of body fluids to bring down an animal's weight. The concentrated ingredients of LITE-AID™ target the animal's natural system to accelerate bodily functions to increase the urinary excretion process. All natural, no drugs, no withdrawal.

LA - 24 ml tube, 4 oz.

\$16.50

LAC - 12 tube case, 3 lbs.

\$196.50

SHOW SHAKE™

Three levels of Energy:

- Immediate energy from Fructose
- Midrange energy from Glucose
- Longterm energy from Multidexerin

Recommended for times of stress. Simply add 3 oz. of powdered SHOW SHAKE to 5 oz. of water, then shake and drench animal.

SHS - jar, 3 lbs.

\$39.50

Man Up™

• Designed to give you the edge in muscle shape and dimension.

• Can be used in both a drench or top dress to assist with the fat steer look.

• Unparalleled in the market for a rapid development of muscle hydration and mass with a smooth look.

Mix 8 ounces of Sunglo Man Up with 150 mL of water 2x/day or 16 ounces with 300 mL of water 1x/day.

MAN - bucket, 30 lbs.

\$89.95

OPTA-CHAMP™ with Optaflex™

Use Opta-Champ during the last 40 days to increase muscle mass and improve feed efficiency. Opta-Champ utilizes the optimum level of the FDA approved ingredient Optaflex™ to redirect nutrients that would have become fat and repartition them into protein. The process has been proven to increase muscle mass 4 to 7%. Approved for market cattle only. Feed at the rate of .40/pound per head per day.

OC - bucket (30 day supply), 12 lbs.

\$89.75

Bobby Listen's 
Flesh 'Em Up

for Show Pig Appearance

Flesh 'Em Up is a high quality oil supplement for show ring appeal and that desired fresh look. A soft, fresh look with added skin and hair pop and shine. Pigs take right to it and lick the pan clean due to its extreme quality and high palatability. If your show pig has a harder look for topline issues, it is time to Flesh 'Em Up!

FLEU - gallon (16 to 24 day supply), 9 lbs. **\$34.50**

Bobby Listen's 
Purple Rain for Pig Show Day

Purple Rain™ gives your show pig that massive fresh look on show day. Just mix one 4 oz. bottle with one gallon of drinking water to hydrate muscle and maximize top/side expression. Or use Purple Rain™ as a top dress to spike appetite in high-stress situations.

PRF4C - bucket (20 uses supply), 5 lbs. **\$39.95**

Bobby Listen's 
Show Gun for Show Pig Gut Health

Keep the gut in balance with Show Gun™ to promote intake and health. Show Gun™ is specially formulated to keep your pig healthy and growing. Probiotics ensure proper function of the digestive system while essential vitamins and electrolytes keep your pig hydrated and at peak performance.

SHGU - bottle (125 pumps per bottle), 8 oz. **\$46.95**

Bobby Listen's 
Stand Still for Show Pig Holding

Holding a show pig at a desired weight while maintaining freshness and fill can be frustrating. Stand Still was formulated from Bobby's secret recipe to make this painstaking task easier. Stand Still excels because it manages weight without the "look" of being held. To aid this, supplement 4 oz. of Fresh N Up. Feed this meal by volume, not weight.

SS40 - bag, 40 lbs. **\$65.50**

Egg Drench Made Simple    

Fitters Secret Egg Drench is a multi-species drench based on the popular "home-made egg drench recipe," but without the mess and storage challenges. High in protein, it is a fantastic pre-show drench to produce a firm, yet fresh top in your animal. Mix with water and drench or top dress. One package makes two gallons.

ED - bag, 1.8 lbs. **\$48.25**

Bobby Listen's 
Fresh N Up for Show Pig

Bloom

An egg based meal supplement to enhance show ring eye appeal and freshness. The wear and tear of jackpot shows takes a toll on your show pig. Ultimately, freshness in the show ring is the deciding factor for most judges. Fresh N Up helps keep your pig looking youthful and fresh throughout the entire show season. It gives you improved skin and hair along with a massive show ring bloom. Top dress 8 oz./head/day. A must to feed with Stand Still when holding weight!

FNU5 - bucket (10 day supply), 5 lbs. **\$29.95**

FNU30 - bucket (60 day supply), 30 lbs. **\$84.95**

Bobby Listen's 
Bac Attack for Show Pig Gut Health

A daily supplement for show pigs to aid in proper function of the digestive system. It features prebiotics, probiotics, essential vitamins, minerals, electrolytes and Ralco's key preparatory technologies. Acti-Fibe and Senergy Essence. The most important aspect of feeding is good gut health enabling better feed efficiency and nutrient absorption. Bac Attack promotes overpopulation of good bacteria in the digestive tract, crowding out unwanted pathogens that hinder performance. Feed 1 oz. per day. Do NOT feed to sheep.

BA - bucket (80 day supply), 5 lbs. **\$44.50**

Bobby Listen's 
Shape'Em Up Plus for Show Pig Muscle

A unique blend of amino acids and Paylean to improve muscle shape and definition for show pigs. Many of you have fed Paylean products and dealt with adverse effects, such as tightening up or too much muscle. Shape'Em Up Plus is formulated with essential vitamins and minerals to counter act the side effects seen with other Paylean products. It safely adds extra muscle mass and definition in a naturally proportioned look. A rare combination! for market hogs only. Top dress 2 oz. per 6 lbs. of feed (9 gm Ractopamine per head complete diet).

SEUP5 - bucket (30 day supply), 5 lbs. **\$49.95**

SEUP20 - bucket (120 day supply), 20 lbs. **\$159.95**

Morman's Showtec

Show Prep

MoorMan's ShowTec Show Prep for Swine is a unique complete feed designed specifically for feeding to exhibition swine the night before and the day of a show. Show Prep combines essential nutrients and components needed and desired for an all-in-one show feed formulated for feeding to finished show pigs during show time. In most cases, it eliminates the need to top-dress additional supplements, making feeding prior to show time easy and convenient. Show Prep provides the components necessary to keep show pigs alert, bright, and hydrated while enhancing fill and expression.

SP5 - bag, 5 lbs.

\$10.50

Morman's Showtec

Pig Navigator

- Provides 44% crude protein, 8% fat, and 5% lysine
- Contains Blue Lite Electrolytes™* for tissue rehydration following periods of stress, such as travel, co-mingling, and show handling
- Contains unique yeast cultures and an acidifier to promote proper intestinal pH and feed intake
- Contains unique combination of L-carnitine, chromium picolinate, and essential amino acids

Designed to be top-dressed at 4-8 oz/hd/day replacement for 1-2 lb of complete feed.

NAV - bucket, 25 lbs.

\$46.99

Show Bloom™

A protein blend of brewers dried yeast, milk of whey, vitamins and minerals. Show Bloom develops a healthy coat and a smooth overall appearance. Assists in developing healthy skin condition which is vital to promote healthy hair. It also increases your animal's appetite and feed utilization. Feed cattle 8 ounces per day, sheep 3 ounces per day, pigs 4 ounces per day and goats 3 ounces per day. Includes a 4 oz. cup.

SH40 - tub (80 day supply), 40 lbs.

\$59.75

Stuffed™

Sunglo Stuffed is a highly palatable, easy to digest supplement for show pigs that helps supports body shape and depth of flank. Contains patented Diamond V XPC Yeast which helps support digestive performance. Feed daily or on show day to maximize your pig's fill and freshness. Fed at a rate of 4oz-2lbs per head per day.

STUF - 40lb bag, 40 lbs.

\$38.95

SUPPLEMENTS

Re-Sorb

Re-Sorb is a mixture of Sodium, Potassium and Glycine that is a readily absorbed source of fluids and electrolytes. Add contents of one packet to two quarts of water.

RS - packet, 2.62 oz.

\$4.95

MOR-POW "RRR"

MOR-POW "RRR" is a mixture of high energy products that are absorbed rapidly. For use in all species, except dairy. It quickly restores fluid to the muscle tissue to promote overall freshness and a more defined muscle appearance. Top dress, drench or use in water 6-12 hours prior to show time, spacing dosages in two hour intervals. Mix 3 to 5 oz. MOR-POW "RRR" with 8 to 16 oz. of water and shake well.

MOR - jar, 2.5 lbs.

\$58.50

Lactanase

Lactanase supports healthy muscle function and metabolism in horses. It supplies nutrients important for the formation of acetyl coenzyme A, the key to efficient energy release from both carbohydrates and fats. This supports the animal to be shown at a higher potential with more flexibility and energy. Top dress two packets per day for two days prior to show and one packet three hours immediately before show.

LACT - 25 gram packet, 2 oz.

\$10.95

4-Sure

A balanced nutritional supplement to replenish vital nutrients and electrolytes in show animals during periods of stress and/or low daily feed intake. Add 5 oz. of 4-Sure to 16 oz. of water and mix thoroughly. It can also be top-dressed on feed.

MP3 - jar, 3 lbs.

\$22.50

Bloom-n-Secret

Bloom-n-Secret has amino acids and proprietary ingredients that super hydrate and expand the muscle of your show animal for a fresh appearance. Administer one full tube 8 to 12 hours prior to showing to sheep, goats, swine or cattle. Allow animal to drink as much water as they will consume.

BLP - 80 cc tube, 4 oz.

\$21.95

Definition

An electrolyte supplement for show pigs used just prior to showing. Supplements the system to make the muscles "pop" with more expression.

Feed 2.5 oz. of the mixture per 100 lbs. of body weight five hours before and again two hours prior to showing. Mixture can be top-dressed on feed or dissolved in drinking water.

DEFP - 2 packet set (Activator & Base)

\$5.95

DEFB - case of 10 packet sets (20 packets total), 3 lbs.

\$44.75

Amino Acid Concentrate A-Lyte

A liquid source of amino acids, vitamins, and electrolytes for cattle, sheep, and swine. Used during times when feed intake is reduced.

AA - 500 ml, 2 lbs.

\$4.95

Essential Double Dip

Double Dip has an appealing vanilla malt flavor and aroma. It increases appetite and feed consumption boosting daily gain. Mix one packet per 1/2 gallon of water. Provide 20 ounces per animal/feeding (packet contains 2 day supply). Can be mixed with feed or drenched.

EDD - packet, 1 lb.

\$5.99

Dextrose Solution

Used as a source of carbohydrates for energy.

DEX - 500 ml, 2 lbs.

\$4.95

- 12 bottle case, 24 lbs.

\$54.50

Propylene Glycol

A liquid source of energy for cattle and sheep that are off feed or on a restricted feeding program. Administer at the rate of 1.5 ounces per 100 lbs of body weight. 1.5 oz. provides 243 calories. Feed as a top dress or drench.

PGL - gallon, 10 lbs.

\$27.50

- 4 gallon case, 40 lbs.

\$108.00

Kaolin Pectin Anti-Diarrhea Liquid

This anti-diarrhea liquid is administered orally to livestock. It coats, soothes and protects the intestines when diarrhea strikes. Administer 6-10 oz. to cattle orally after the first sign of diarrhea.

KPL - quart, 3 lbs.

\$8.99

DYNE

Each ounce of Dyne provides 150 calories for extra energy for peak performance. Administer to sheep, pigs and goats at the rate of 3 oz. per day and cattle at the rate of 9 oz. per day.

DQ - quart, 3 lbs.

\$17.49

DG - gallon, 10 lbs.

\$49.50

- 4 gallon case, 40 lbs.

\$192.50

Wahl X-Block™

High Speed Cattle Fitting Clipper

Wahl's X-Block® high speed clipper has been specifically engineered for fitting beef cattle. The X-Block's slim, ultra-lightweight body style is easy to maneuver in any position, making clipping comfortable at any angle. The no-slip rubber along the sides and top of the clipper give fitters a stable and reliable grip. With a top speed of 4,500 strokes per minute, the X-Block clipper is one of the fastest clippers available in the cattle market, allowing users to clip quickly and efficiently. Clipping in barns gets messy quickly. The X-Block clipper comes equipped with an extra long 18 ft rubberized cord and rubber transformer boot to keep the power supply clean and protected.

XBC - X-Block Clipper w/X-Block Blade, 3 lbs. \$198.50
***R - Red *Y - Yellow**

Wahl Chromado™ Lithium Professional Cord/Cordless Clipper

Wahl's Chromado Lithium combines the power and durability of lithium ion battery innovation with the adjustable '5 in 1' blade to give professionals everything they need in a lightweight, cordless clipper.

The Chromado's rechargeable lithium ion battery has a 90 minute cordless run time and will operate at full power until the battery is completely depleted. Recharge in 60 minutes or simply plug the cord in and continue to clip.

CHR - Chromado Clipper, 3 lbs. \$169.95

WAHL / LISTER CLIPPERS & BLADES

Wahl / Lister Legend Clipper

The Legend offers both speed and power. Features: Fast 3100 rpm blade speed. Faster than any Lister clipper. Extreme torque and powerful motor. Easy-grip handle. Ventilated head to keep blades cool.

A great clipper for slick shearing show lambs and clipping heads on cattle! Includes one set of fine blades and a bag case.

LEG - Clipper w/blades and bag case, 6 lbs. \$299.95

Wahl / Lister Star Clipper

The Star clipper is smaller, lighter, shorter and more balanced than other clippers. The body of the motor is triangular shaped making it easier for smaller hands to grip.

STAR - Star clipper w/blades and case, 6 lbs. \$262.95

Helpful Hints

What blades do I use?

For blade usage suggestions, refer to the steer and heifer clipping and fitting techniques posters featured on page 75.

Sullivan's Hydrator Nourishing Conditioner

Nourishes & Conditions the Hide

Scientifically formulated hydrating & nourishing conditioner that uses the hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and hair health as well as hair growth and strength.

We took a look at some of the oils used in today's hair care products and realized that for the high percentage of the oil used they were only contributing to a low percentage of the actual nutrition to the hide and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

PIG PRODUCTS

Sullivan's Smolder™ *by Bobby Listen*

In today's competitive show ring setting, it is fundamental to have a sleek, fresh skin and hair coat to ultimately reach the grand drive. Smolder has specially formulated natural emollients and conditioners that enrich and improve the quality skin and hair quality of your hogs. Using Smolder allows your pig to have an unforgettable fresh, healthy look and feel of a champion.

During show season, use Smolder as a daily conditioning treatment at home to prevent dry, scaly skin. Spray onto your show pig and brush-in thoroughly. Because there is no requirement to wash out Smolder, repeat this process daily to reach that ultimate show ring shine. Two times a week, after letting it absorb into the skin and hair, rinse off with water. Apply more often if needed.

For use at a pig show, continue your daily conditioning treatment the night before and morning of the show. Be sure to wash off thoroughly before show time.

SMO - quart, 3 lbs. \$22.50

Show-A-Peel

Oil-free skin conditioner for Swine.

This revolutionary skin conditioner for hogs "peels" off the old, dull outer layer of skin to clean and re-hydrate - the result is dramatic! It allows the skin and hair to have a more fresh and healthy appearing look. No irritation. No burning. No oil. After the first use, you will notice the hair and skin come to life. For a 270-pound hog, apply eight ounces and adjust accordingly for smaller hogs. Wait 12-24 hours or until you begin to see the "peel" before rinsing off the old, dead skin. Two weeks leading up to the show, use two times a week and the night before the show. Apply more often if needed.

SAPQ - quart, 32 oz. \$21.95

Sullivan's Sudden Impact™

Sudden Impact is an exceptional product to promote healthy skin and hair on show pigs. It restores the natural oils and nutrients to the hog's skin. Not only will it bring life and vigor to dry, scaly skin and coarse hair, it will help take the "red" out of the dry skin. Sudden Impact will give show pigs an unbelievable shine. It is recommended for use at home and shows that allow oil based products.

SSI - can, 17 oz. \$8.95
- 12 can case, 18 lbs. \$105.50

Sullivan's Hog Heaven™

The show day product for swine. Gives a great sheen with no oily look. Spray over entire animal, brush in and cover with a light mist of water. Better results are achieved when used in conjunction with the daily Champions Choice or Sudden Impact treatment. Requires no washing out.

Sullivan's Eskimo Throw **NEW**

Cooling Towel

During the summer months and warmer days, this towel is a great way to cool off any animal. To activate the cooling technology, simply wet the towel and ring out. Holding the towel by each side, snap it 3-5 times and it is ready to use. The dual fabric technology cools the towel, the more air flow it receives. Having built-in evaporative technology, the cloth stays colder, longer. If the towel begins to lose its cool temperature feel, simply snap the towel again to reactivate. Once the towel is dry, the cooling technology is deactivated. The towel is 40" x 20" making it easy for you to fold and cool more concentrated areas. This three-layer lightweight material is soft and comfortable for you and your animal. Care instructions: machine wash, tumble dry on low heat.

ESK - Cooling Blanket, 1 lb. **\$18.50**

CLIP - Replacement Clip, 12 oz. \$1.95

Pen Caddy w/Feeder Hanger

The Pen Caddy hangs directly on your pig pen fence for easy access. The open supply box that is 18" long x 8" wide x 5" deep, hangs over the top into the pen so it will not protrude out into the aisle. It features two hooks on the aisle side for hanging hog supplies, plus a whip storage tube. The wire panel design allows the feeder to be attached at multiple heights. The tie-down chains prevent hogs from lifting the Pen Caddy off the fence. The hanger is 36" tall and feeder is sold separately.

PCFH - 6 lbs.

\$88.50

Sullivan's Staggered Bristle Roto Brush™

The short-cut rows allow the long bristles to work deeper into the hide to eliminate the dead skin of your pig. The staggered lengths of bristles having one row with long bristles and the next row is a 1/4" shorter. The soft, gentle grade of synthetic bristles prevents the brush from being too harsh, as compared to stiffer roto brushes that can scratch and irritate the skin. A flat sided bolt allows the brush to be locked in securely tight and prevents it from spinning loose, a common problem with other roto brushes.

ROTO-STAG - Staggered Bristle Roto Brush, 1 lb. \$22.50

Other Roto Brush options on page 48.

Sullivan's Hog Thinning Comb

Sullivan's Hog Thinning comb has two separate cutting blades for detailed trimming jobs.

THC - 8 oz. \$4.95

Grill Brick

Shortens and tames unwanted hair from your pig while allowing the dead skin to break loose.

GB - 1 lb. \$7.99

Sullivan's Pig Waterer w/ Hanger

This waterer is great at home, but even more handy for the show hog road. It simply hangs over the fence to then fill with water. The Pig Waterer features a 2-gallon capacity 4" diameter tube with a drinking nipple mounted at the bottom. The metal housing prevents the tube from rotating, keeping the nipple in correct drinking position for pigs at all times. The hanging system allows it to be hung over fence in multiple height positions. The tie-down chains keep hogs from lifting the waterer off the fence. Measures 36" tall x 6" wide.

PW - 6 lbs. \$79.50

Water Nipple

Replacement drinking nipple for Sullivan's Pig Waterer.

WN - 8 oz. \$7.50

PEND - Powder Coated Aluminum Pen Divider w/double lift gate, 30 lbs. **\$333.50**
** Packaging charge of \$15.00.

We only recommend powder coat painted pen dividers! They prevent the natural black residues found on bare aluminum from rubbing onto the skin and hair of the show pig. These residues can cause unsightly black marks that are extremely hard to wash clean.

Poly Sorting Panels

Designed to move pigs with ease, the poly sorting panels are light-weight and extremely durable. The comfortable, rounded hand grips allow for easy handling.

PSP - 30" X 36" Polyethylene sorting panel , 9 lbs.	\$37.75
PSP18 - 30" X 18" Polyethylene sorting panel , 9 lbs.	\$25.00

Easy Scoop 2

This small manure fork with a telescoping aluminum handle is a show barn essential. It is perfect for cleaning pig pens. The basket measures 7" wide x 7" long. The telescoping handle allows the fork to be as short as 22 1/2" long or extend to 41" in total length.

ES2 - 3 lbs. **\$21.25**

Sullivan's Panel Mount Upright Fan Stand

This 5' upright fan stand is excellent for at home or at the show, mounted to your pig pen. It is equipped with a mount to hold one Turbo fan or a hanger to hold a box type fan to keep your pigs cool. Made of 1-1/2" square steel tubing, the brackets that are included slide onto top and bottom bars of panel to attach to most small animal panels.

UFSPM - 12 lbs. **\$69.99**
\$20 Out of Box Fee

Sullivan's Pen Station

Are you running out of space at home or don't get enough room at a pig show? Sullivan's Pen Station offers that additional working space above your pig pen that holds up to 250lbs. The aluminum platform adjusts to fit pig pens 4 1/2 to 7 feet, with a powder-coated base and steel brackets for longevity. Have more than one pen? Siding brackets enable you to connect multiple Pen Stations. Weighing only 50 lbs., each Pen Station comes with a handle for easy transport.

**Sullivan's Hydrator
Nourishing Conditioner**

Hair, Skin & Hide Conditioner

Scientifically formulated hydrating & nourishing conditioner that uses the wool/hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and wool/hair health as well as hair growth and strength. We took a look at some of the oils used in today's hair care products and realized that for the high percentage of the oil used they were only contributing to a low percentage of the actual nutrition to the wool/hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.

HNCQ - quart, 3lbs \$15.50

- 12 quart case, 20 lbs. \$270.00

Sullivan's 6" 360° Smart Brush

Now available in a 6" version, for smaller animals or smaller hands, the 360° Smart Brush is a daily hair care brush made to create complete 360 degrees of hair lift. With its 945 soft teeth, the 360° will easily glide through every curvature of your goat making sure the hair is not left lifeless. With its soft plastic bristles, this brush also massages the hide to create circulation and promote better hair growth. The 360° Smart Brush is a daily care must have.

360M - 6-inch 360 Smart Brush - 12 oz. \$27.50

Sullivan's 6" Teflon Combs™

The show day comb for leg grooming.

Now available in a new 6" version that is perfect for goats or smaller hands! Teflon is a solid polymer that is considered to be one for the world's most slippery and water resistance substances. Although not fool-proof, especially since adhesive is still a very sticky substance, you will be glad to see a 40 to 50% improvement of less matting, less hair drag, less static, and less stick to the comb. It is definitely easier to clean adhesives from this comb and saves time while fitting. Now the top comb in the industry has been improved by adding a NEW Texturized Grip to the handle giving the user a comfortable non-slip grip. Available in Sullivan Comb, Fluffer Comb.

6TSCW - 6" TEFLON Sullivan Comb w/wood handle w/texturized grip, 8 oz. \$34.50

6TSPW - 6" TEFLON Fluffer Comb w/wood handle w/texturized grip, 8 oz. \$34.50

Sullivan's Mini Staggered Bristle Roto Brush

The short-cut rows allow the long bristles to work excellent for workin the wool on your lamb's legs. The staggered lengths of bristles create tremendous lift and volume and stimulate the wool. The Mini Roto Brush is 32% shorter and 11% smaller than the full-sized roto brush, making it easier to maneuver between the legs on lambs.

ROTO-MINI - 12 oz. \$17.50

FITTING PRODUCTS

Check out our full line of show day fitting products on pages 29 - 36. Sullivan's carry the most options available for the show lamb & goat exhibitors.

Sullivan's Tail Adhesive™

Tail Adhesive is the highest strength adhesive to use on your goats. It has unmatched holding power for flat lying, hard-to-hold hair on legs. You can depend on Tail Adhesive to dry completely and hold its firm shape in all types of weather with no fall-down when Touch-Ups are applied.

Sullivan's Freshen Up

Skin moisturizer for lambs

This is an innovative product to moisturize and refresh a show lamb's hide. Great for show day or use at home to prevent the hide from drying out. Recommended for slick sheared lambs just after shearing and washing to replenish oils. Does not need to be rinsed out. Also great to use on lambs that have had ringworm, after the fungus has been killed apply to assist in faster healing. One can will do 10 to 15 lambs.

FRE - can, 12 oz. \$8.95

- 12 can case, 17 lbs. \$105.50

Sullivan's Hocus Pocus™

Fresh and Natural, Hocus Pocus will not irritate goat hair or hide. This natural product is a healthy alternative that will make a difference in your show day wash out. Hocus Pocus is fortified with non-drying emollients and the nourishing VITA HAIR vitamins to naturally moisturize and soften the hair shaft. Hocus Pocus will not leave an oily residue to build up heat or eat away leg hair. This makes Hocus Pocus ideal when re-fitting your goat is needed in a short period of time.

HP - can, 17 oz. \$8.99

- 12 can case, 19 lbs. \$105.50

Sullivan's Hair Savior™ Adhesive Breakdown

Hair Savior™ is just that! A liquid adhesive breakdown that is healthy for leg hair. Hair Savior™ adhesive breakdown features a proprietary blend of the purest, mild cosmetic grade plant-based ester technologies to naturally attack and gently remove adhesives and touch-ups away from the hair. These specific plant based surfactants have been specially identified for their unique ability to naturally counter-act the tackiness of adhesives, changing their rubberized molecular resin structure to gently dissolve the bond from the hair without any harsh stripping.

NEW

Sullivan's Eskimo Throw

Cooling Towel

During the summer months and warmer days, this towel is a great way to cool off your sheep or goats. To activate the cooling technology, simply wet the towel and ring out. Holding the towel by each side, snap it 3-5 times and it is ready to use. The dual fabric technology cools the towel, the more air flow it receives.

Having built-in evaporative technology, the cloth stays colder, longer. If the towel begins to lose its cool temperature feel, simply snap the towel again to reactivate. Once the towel is dry, the cooling technology is deactivated. The towel is 40" x 20" making it easy for you to fold and cool more concentrated areas. This lightweight, double backed mesh material is soft and comfortable for you and your lamb or goat. Care instructions: machine wash, tumble dry on low heat.

ESK - 40" x 20", 1 lb. **\$18.50**

Hair Thickening Powder.

The first hair building powder spray specifically designed for livestock hair. Sullivan's POWDER'FUL creates extra depth and dimension to each hair follicle during the hair building process, without the appearance of becoming too heavy, gloppy or unnatural. Great for the topline on Dairy Cattle. As an added benefit, after applying over adhesives, the drying powder agents contained in POWDER'FUL allow the hair to be clipped easily, better than any previously known product. Check out page 30 for fitting steps on the best way to use Powder'ful.

- Follicle builder
- Fast drying
- Easy to clip through
- Does not weigh the hair down like other leg builders
- Most natural full look you will get from any product
- Will not leave hair wet and gloppy
- Available in Black and White Powder Spray

POW - *BK - Black can, 9.5 oz. \$9.75 - 12 can case, 10 lbs \$115.75

Sullivan's Dairy Body Spray

Incredible Show Day Shine

This Dairy Body spray is great to bring an ultimate showing shine to the body of your dairy cow. First, blow, wipe or brush out any debris on your cows body, then spray and even coat on the body, neck, hind quarter or anywhere a shine is needed prior to going into the ring. Rub in with a towel or brush to even out the application. This product not only gives the body a healthy shine but it gives dark cattle a darker and richer appearance to their hair in an easy to wash out formula.

Sullivan's Rejuvenate Shampoo

for Hogs, Sheep, Goats, Horses and Slick Shorn Cattle.

Sullivan's Rejuvenate Shampoo offers an olive oil, pomegranate extract, and Vita Skin package that leaves the skin on Dairy Cattle silky smooth. This makes the perfect non-degreasing shampoo. Rejuvenate cleans while leaving key natural oils in place to preserve the skin and hide. This shampoo is safe for everyday use without the concern for dryness or irritation. With its mild antiseptic and toning properties, Sullivan's Rejuvenate Shampoo helps tighten pores and tone the skin. The Vita Skin package contains: vitamin E, vitamin B complex, and vitamin C. **Rejuvenate and smooth up your animals hide.**

Sullivan's Natural White

Dye-Free Whitening Shampoo

Sullivan's Natural White is uniquely designed for enhancing a whiter and brighter appearance on skin and hair of all livestock. It is a dye free whitening shampoo that can be used on a daily basis or weeks prior to the show to accomplish a brighter and whiter appearance, with no purple staining. Natural White has an intense cleaning power that does not contain any bleach or dyes, making it safe to use on any livestock and infused with coconut oil to offer additional conditioning that doesn't damage the hair or skin. We recommend using this in a Soap Foamer.

--------------	-------	---------------

WHY STOCK SHOW U?

Luke Bolin, Communications Director, and John Sullivan, founder of Sullivan Supply and Stock Show University, discuss the Stock Show U program.

Why did you decide to start Stock Show University?

My brothers and I grew up as a product of the junior show cattle industry. We loved everything about it, but unfortunately our Dad was not heavily involved in showing cattle. We had to teach ourselves and it was the school of hard knocks. I would like to help families eliminate the many years of the learning curve so they can expedite the success they can obtain. When I was growing up there were not a lot of camps that were easily accessible. One of the attributes of the Stock Show University Program is that it is 100% free of charge and our student to professor ratio is unmatched. I am proud to say that we will share every bit of industry knowledge that we have to young showman that attend a Stock Show University clinic. If you have the desire to learn and want to be your best, Sullivan Supply/Stock Show University will help you get there.

What is the main goal of the Stock Show University program?

The main goal is to instill confidence and a can-do attitude in each student. The two-day Stock Show University Grad Programs are a tremendous confidence builder that is hands on learning for the exhibitor. The student works with the professor one on one and gets to absorb a tremendous amount of knowledge first hand. One of the other main goals is to get the kids off the show stick when the cattle are in the fitting chutes. We see all these families and kids that work so hard on their animals at home then they go to the show and have someone else fit their calf for them. We acknowledge that getting and asking for help is part of the learning process but we want to push the student to get involved at a younger age and not be scared. We want them to be able to step in and be just as confident as the experienced fitters. We practice this ourselves as I told my daughter Sara when she showed interest in showing cattle that she is going to be involved in the fitting process as well. It is amazing how quickly these kids can get good and how fast their confidence builds if they are expected to do it.

What is your favorite part of the Stock Show University Grad Programs?

My favorite part is definitely the fitting/leg workshop. So many kids come to this program and feel like they are not good enough to fit a back leg on their own calf. After two days they walk out of the Stock Show University Grad Program confident enough to groom their calf's legs. We encourage them at the next show they are at to get involved in the process and not back off. The smile on their faces for accomplishing this task is worth the weight in gold. It is also fulfilling to see the genuine care of the professors spending that one on one time with the students. A lot of the success of this program is due to the professor's willingness to take time out of their busy schedules to mentor youth that have a tremendous interest in showing livestock.

We know Sullivan Supply dedicates over \$300,000 a year to the Stock Show U program. Why are you so committed to giving back to the youth?

Our devotion for this program and industry is simple, we believe in it! We think it is the best way to raise kids and spend quality family time together. It takes a lot of commitment, daily dedication and bonding to show livestock. In today's world where everyone seems to be running from work, showing livestock turns hard working kids into successful adults. The young people are the future of this great industry. We are proud to offer complimentary programs like the Sullivan Supply Scholarship Program, Junior National Sponsorships, The Pulse daily livestock news and Stock Show University. These are tremendous financial responsibilities when it comes to the youth of the livestock industry, Sullivan Supply is all in. Quite frankly, we feel fortunate that we can do it, but it is truly the customers of Sullivan Supply and their great support that allow us to be able to provide these programs.

**For updated Stock Show University
clinic schedule check
www.sullivansupply.com**

Stock Show University was started by John Sullivan nearly six years ago. Stock Show University provides services and educational programs that cater specifically to youth, helping them develop skills to compete with their show cattle projects. We are a program designed to encourage and reward success with individual achievements and goals. At Stock Show U our motto is "We stay until the last question is asked."

Stock Show University is COMPLIMENTARY. All ages and skill levels are welcome from beginner to advanced. We host clinics at shows and homes across the United States, including beef expos, major shows, and junior nationals; all FREE of charge! Clinics range from convenient two-hour clinics to comprehensive, in-depth two-day clinics called GRAD Programs. The best and most talented 'professors' in the business will focus on all areas needed to achieve the championship look - show day fitting/clipping, animal selection, showmanship, feeding, daily hair and animal care to name a few.

GRAD Programs are perhaps our strongest commitment to our youth. These are TWO-DAY CLINICS where a successful partnership will be developed between a student and a professor. This program is a great confidence builder and allows the students to gain hands-on experience and actively seek answers to any question they may have.

Even though these two-day camps can be large in numbers, a meaningful, one-to-one relationship will be built between a student and professor. Participants will be placed in groups of 8 to 12 students to one professor and divided by the individuals in each level of experience. Here is where the students will learn hands-on skills in show day fitting, daily hair care, showmanship and clipping. Stock Show U professors are the best in the business. The impact from these skilled professors on each student will be contagious.

Stock Show University is a non-for-profit company that the Sullivan family has committed over \$300,000 annually; their pledge to supporting the next generation of America's youth.

Sullivan Supply represents over 28 years of sincere dedication and commitment to the livestock industry. We believe a successful partnership between education and commitment are fundamental in supporting America's Youth.

THE DISTINGUISHED \$20,000 SULLIVAN SUPPLY STOCK SHOW UNIVERSITY SCHOLARSHIP 2019

The quality of the applications ran deep in our 2019 Distinguished \$20,000 Sullivan Supply/Stock Show University Scholarship program. 1,419 applications from 45 states and Canada proves that the interest of our Ag youth runs deep. This is such a great time to be a part of this great livestock show industry. To look through these applications and read what these young adults are accomplishing makes us proud to be a part of it all. A huge thank you to our scholarship selection committee of industry leaders (non-Sullivan Supply employees or family members) who spend so many volunteer hours choosing our 20 winners. Congratulations to all our winners and applicants. Over \$220,000 has been gifted to young individuals since the inception of this program in 2008. Sincerely, John Sullivan, Founder Sullivan Supply and Stock Show University.

JACE STAGEMEYER, Page, NE
There was no easy path to the champion banners but this self-taught showman prevailed to win major shows in the better arena and showmanship. Hardwork and determination pays off!

TAR TUT, Farbaak, MN
Not having grown up in the industry, Tar found a passion for livestock. You name it and he excels. Student council president, livestock judging team and showmanship champion. Talented behind the camera and a top notch clipper.

ABBYGAIL PITSTICK, South Solon, OH
First gen cattle breeder starts with one Hereford heifer, now owns and operates a 60 head purebred Hereford operation with her sister. This FFA superstar found time to be the 2018 national Hereford queen. Sponsored with Highland Livestock Supply, White Show Supply, Proxco and Sullivan Supply. Kate Gill

CHANCE MYERS, Edmond, OK
Everyone talks about passion and work ethic but Chance's ambition and drive are hard to match. From supreme champion heifers to being one of the most accomplished young feeders and fitters in America, Chance thrives.

PAIGE GAFFNEY, Bamevick, WI
Junior chair-person for the 2018 National Jr Angus Show, highly decorated in 4-H, state quiz bowl, student council, this Stock Show U clinic grad can do it all at a show or with the cow herd. Sponsored with Kegley Show Supply

CARLYE WINFREY, Seminole, TX
One of the premier sheep showman in the country. Despite the wins, what is most impressive is Carlye's unique combination of humility and her extremely competitive spirit. A multiple national FFA award winner.

KASSIDY BREMER, Redfield, IA
Her true grit and determination has led her to be one of the best young fitters and showman in the country. She is the epitome of what the Sullivan scholarship stands for.

LUCAS WISNEFSKI, Wyoming, IL
Actions speak louder than words. A powerhouse livestock exhibitor and member of the prestigious OSU meat evaluation team and livestock judging team. A true old-school stockman that earned it with hard work.

PAIGE MILLER, Torrington, WY
Paige may be our most well-rounded scholarship recipient. Jr national team fitting championships, quiz bowls, showmanship, multiple grand champion goats, breeding heifers, and hogs at her state fair and state livestock judging champion.

ETHAN DICKERSON, Paradise, KS
Highly active FFA president and 2019 Kansas Star Farmer finalist, this NAJRA event board member has shown or raised champion cattle at NWSS, American Royal, Ft. Worth and NAILE. Sponsored with Valley Vet Supply

TYLER PINKERTON, Liberty, IN
AICA president, IGCA officer, numerous FFA awards. This livestock collegiate judge also found time to attend auctioneer school and travel the country fitting numerous champions. Sponsored with Sullivan Supply, Justin Shouffer

CHASE RATLIFF, Garnett, KS
"Disciplined and one of the most in-depth understandings of the livestock industry of any student I've ever had" is how one of Chase's college professors sums him up.

STOCK MARTIN, Hereford, TX
Stock has shown major show champion steers, but behind the scenes he plays a major role in the cowherd management and feeding. He takes responsibility and rises to the occasion.

AUSTIN WIESELMAYER, Amberg, CO
State fair grand champion hogs and heifers, state FFA officer, 4.0 GPA, member of the collegiate national champion judging team of the year. Perfect example of a young cattlemen that can do it all.

BEN BEZNER, Teding, TX
Mr. President, please stand up. FFA president, 4H council president, 4H club president and First team academic, all-state athlete. Ben has exhibited major champion steers, but his real goal is to develop his own cowherd of the best in the nation.

KYLIE PICKARD, Hastings, MI
Kylie is a major contributor in the day to day work of her large cow herd. A true herdsman yet she finds time to maintain a 4.0 GPA, is FFA president and a leading member of the AICA board. Sponsored with Fair Acres Show Supply

PAYTON HERZOG, Robinson, TX
Not only is Payton a champion in the show ring but more importantly, he is a champion volunteer for his church, community and assisting the elderly. He represents the true character of American agriculture.

ASHTIN GUYER, Robinson, IL
Elite show pig and cattle exhibitor, national Barrow, NWSS and World Pork champions as well as exhibiting supreme champion heifer at NAILE. Yet her best accomplishment is starting the largest Ag scholarship in her county.

WHITNEY WALKER, Prairie Grove, AR
This active superstar excels as class president, junior Maine-Anjou board member, sports team captain and has won multiple major banners from multiple breeds across the country. Sponsored with Sullivan Supply, Charles Hill.

ALEXA MONTAGNE, Elk Point, SD
This All-American junior college livestock judge maintains a high GPA while showing champion females at the nation's toughest Lincolnton and Angus shows.

This includes alcohol. Aerosols can not be sent by Air Service.
We CAN ship aerosols via ground service only.*

Prices are subject to change without notice.

We reserve the right to limit quantities. The information contained in this catalog has been gathered from many sources with the utmost care. However, because of the possibility of human or typographical errors in transposing such a large volume of material, Sullivan Supply disclaims responsibility for errors in pricing, the use or misuse of any products described in this catalog and for any losses incurred through the use of products according to methods described in this catalog. Always refer to and follow the label directions. Sullivan Supply specifically does not authorize anyone, its agents or employees to recommend any product sold by Sullivan Supply in any way other than according to manufacturer's current label directions. Sullivan Supply disclaims responsibility for losses incurred due to delays in shipment.

HOW TO RETURN SOMETHING TO US:

We understand that sometimes you might get something that you don't like, doesn't work or just simply isn't what you wanted. In order for us to properly handle your return, please follow these simple instructions.

1. Call ahead for a return authorization number. All returns must be accompanied by a return authorization number. **Any returned merchandise received without an authorization number will be refused.**
2. Ship merchandise back to us via UPS, FedEx or parcel post. *(We are not responsible for lost or damaged packages.)*
3. Inside the package include your name, address, daytime phone number and the return authorization number and original receipt. Credit will be issued in the same manner which your order was paid. Example: If you paid by credit card we will credit that card.

All returns must be made within 30 days of original invoice date and must be accompanied by receipt. Sullivan Supply does not refund freight for returned merchandise.

DAMAGED SHIPMENTS:

Orders are filled with quality merchandise and are packed with utmost care. There are occasions where merchandise is damaged during shipment. In all cases, the carrier is responsible for safe delivery of merchandise. For damages on packages, keep the shipping container and all contents and contact Sullivan Supply to arrange inspection. For motor freight damages, please sign for the freight as damaged and call Sullivan Supply so they can file the claim.

Damages and shortages must be reported within three business days following delivery.

DO YOU HAVE A 911 ADDRESS?

We want to make sure that you get mailings from us. If you have a new 911 address, please let us know so that we can update our mailing list.

Can we deliver products to a show for you?

Many of our customers know us from the show circuits across the country. We attend as many shows as we possibly can - especially the majors. If you'll let us know in advance, we will be more than happy to deliver your products to the show.

- Call In Advance -

Be sure we are going to the show where you want to pick-up your merchandise! Allow us plenty of time to get your order loaded along with our show merchandise.

**Pre-orders must be paid in advance
**Offer applies to retail customers ONLY
