SALE TERMS & CONDITIONS

Embryo Package Rules:

All embryo packages consist of three (3) embryos. All embryos are fully guaranteed to consist of their respective mating described herein. There are no guarantees either written or oral as to the conception rate realized when using these embryos due to the geographical locations and nature of the event. Consignors will accept no responsibility if seller implants embryos on his/her own terms. An exception to the rule is if the buyer uses an embryo technician that is agreed upon by the seller and the buyer informs the seller of his intentions in writing (handwritten or email) prior to implanting the embryos, at least one pregnancy will be guaranteed per three embryos sold. In all cases, the buyer is responsible for all shipping and expense. **All Embryos will be sold per embryo.**

Right to Flush Rules:

A minimum of six (6) embryos, Grade One, transferable embryos are guaranteed to the buyer. In the event the chosen cow does not produce a minimum of six (6) embryos, the buyer will have the option of flushing the cow again until the minimum and only the minimum of six embryos is achieved, or the buyer may have the option of a prorated price per embryo return based on purchase price at the Black Hills Stock Show®. This settlement will be handled only through the buyer and seller. If the chosen cow produces more than six transferable embryos, all embryos will be the property of the buyer. Consignor is responsible for choosing the embryo technician and location for flushing procedure. This information will be available at auction time. The buyer will be responsible for the expenses associated with the embryo flush, unless otherwise stated. A written document will be signed by consignors and buyer after the sale that defines and guarantee terms and conditions of flush. Time range donor can be flushed will be included in document. If consignor does not follow time range agreed upon, consignor must be able to refund the purchase price paid. Flush schedule terms and technicians to be specified on entry forms. **Purchaser will pay 25% of purchase price at time of Sale and the reminder of the price during time of flush.**

Sale Rules:

All embryo lots sell per egg times the number of eggs in the package. With choice lots the winning bidder gets the right to pick the mating of their choice and receive three eggs, if they wish to double the hammer price they can take six eggs, either six of one mating or three of each. **All online or phone bids must be made within 7 business days.**

Lot 1 Donor Dam **SAV EMBLYNETTE 5452** REG:18194143 *Right To Flush*
ANGUS

About the Offering: Not often can you use the term "Getting in on the ground floor" and "Proven genetics" in the same female, but with this opportunity you sure can. Being just a 2015 born female, 5452 is just embarking on her legacy, however this female packs as bulletproof of a pedigree that one can put together in the Angus breed. 5452 is a full sister to the \$400,000 SAV International and is a direct daughter of the \$250,000 Emblynette 5483. Boasting individual carcass ratios of 109 Ribeye and 125 IMF she is still in the top 25% for WW, YW and \$B. Selling a flush to the bull of the buyer's choice. Flush will be conducted at Yackley Ranches ET Center.

Consignor **TC Genetics, Onida, SD**

Lot 2 Donor Dam **FROSTY ELBA 1543** EG:17637204 *3 Unsexed Conventional Embryos*
Sire of Mating: 3F EPIC 4631 REG #: 17950219 **ANGUS**

About the Breeding: A mating that is full of high sellers and up and coming breed leaders. Coming directly out of the famed Schiefelbein program this an opportunity to acquire genetics that are rarely offered to the public. 3F Epic is quickly becoming a force in the Angus breed, he is the sire of EXAR Monumental and EXAR Gallant that sold for \$80,000 and \$50,000 through Express Ranch bull sales. In the Big Event sale 3 bred heifers sired by Epic sold for \$100,000. In the fall of 2017 45 sons sold through EXAR bull sales, they averaged \$12,401. Elba 1543 is a breed leader for phenotype and genetic merit who represents cutting edge genetics in a progressive program. Her first 7 sons have averaged over \$16,000 with the high seller, Schiefelbein Skol 6786 commanding \$30,000. This mating should produce high caliber cattle with figures well within the top 5% for many traits.

 Site of Mating B: BASIN PAYWEIGHT 1682 REG #: 17367599
ANGUS

COLBURN PRIMO 5153

BASIN PAYWEIGHT 1682

About the Breeding: 9729W has been a cornerstone producer for a long time. She is built as well as any cow at the ranch and can produce show heifers and herd bulls alike. This Pathfinder dam's pedigree is stacked with breed leading sires like TC Total, New Design 036 and Precision 1680. Primo has cut a swath through the show ring the last couple years and Payweight 1682 is as hot of a herd sire as there is in the breed. A pair of mating's with two different goals in mind, but the return will be equal in the end.

Consignor **Thomas Ranch, Harrold, SD**

Lot 4 Donor Dam **BASIN CHARISMA U691** REG:16010348 3 or 6 Unsexed Conventional Embryos
 Site of Mating: PRAIRIE PRIDE NEXT STEP 2036 REG #: 17367599
ANGUS

About the Breeding: This mating offers as much value as any in the sale. Over the past few years the Prairie Pride Next Step progeny have made an impact in the purebred Angus world. They blend real world performance with and impressive EPD profile and rancher accepted style. His high sellers include: RBM Next Step C531 who sold for \$42,000 to Peak Dot in Canada, RBM Two Step who sold for \$36,000 to Werning Cattle and HI-Point Genetics. These eggs will be full sibs to another high seller, RBM Step Ahead who sold to Krebs Ranch of Gordon, Ne for \$23,000. Not to be over shadowed the dam of this mating, Basin Charisma U691 has produced 14 bulls that have sold over the last 4 years for RBM and averaged \$10,214.

Consignor **RBM Livestock, Florence, SD**

BASIN CHARISMA U691

PRAIRIE PRIDE NEXT STEP 2036

Lot 5 ^{Donor Dam} **BUSHES BLACKBIRD 8708** REG:16194618
Sire of Mating: KR CASINO 6243 REG #: 18624063

3 Unsexed Conventional Embryos
ANGUS

About the Breeding: Bushes Blackbird 8708 has arguably produced one of the most impactful sires in the industry today. 8708 is the dam of the great Bushes Unbelievable, the sire who produces in the Angus breed as well as when used in other breeds. He is the sire of the \$65,000 Bushes Moneyball in addition to multiple champions and high sellers for the Higgins Family and their Chi-Angus operation. To prove that she isn't a fluke 8708 has sold 11 sons and 2 daughters that average \$18,000 and \$16,000 respectively. KR Casino was one of the most talked about bulls of any breed at the 2017 NWSS. His style and power combined with an outcross pedigree makes him a hot commodity. Not to mention he is racking up an impressive show record this fall.

Consignor **Bush Angus, Britton, SD**

Lot 6 ^{Donor Dam} **TR MS KATINKA 3208** REG:14643955
Sire of Mating A: KR CASINO 6243 REG #: 18624063
Sire of Mating B: COLBURN PRIMO 5153 REG #: 18217480

Choice of 3 Unsexed Conventional Embryos
ANGUS

About the Breeding: Two of the hottest Angus bulls in the business. Casino was the talk of the 2017 NWSS before being the high seller of the Krebs Ranch Bull sale. Primo is producing a list of winners a mile long. Those two bulls are perfect for a cow like 3208. She is known as a mega producer and clicks well with genetics that offer as much style and design as these two do. Her first natural calf brought \$25,000 another bull commanded \$22,500 at auction.

Consignor **Thomas Ranch, Harrod, SD**

Lot **7** Donor Dam
BC II CAMI 211 REG:17026983
 Site of Mating: **BC II SKYFALL 2812** REG #: 17395299

3 Unsexed Conventional Embryos
ANGUS

About the Breeding: Cami 211 comes from a long line of females know for producing high end show cattle. Her sire EXAR Luton 1831 is responsible for more dollars for show cattle than any bull in the breed. BCII Skyfall is now working in the Express Ranches herd and is a cornerstone of their show heifer operation.

Consignor **Schelske Angus, Virgil, SD**

Lot **8** Donor Dam
RCL BARB 2028 REG:17977161
 Site of Mating: **SAV SENSATION 5615** REG #: 18258149

3 Unsexed Conventional Embryos
ANGUS

About the Breeding: This Pathfinder Dam sired by Connealy Impression is a phenotypic standout backed by generations of Pathfinders, boasting her own ratios of BW 3@103, WW 3@111 and YW 3@111. An Active Duty son sold to Lehrkamp Ranch for \$19,500 and her 2015 Resource son sold for \$8500. Her 2016 son, RCL Lithium was purchased by Genex. 3 embryos are sired by SAV Sensation 5615, whose dam is SAV Blackcap May 4136 the number one revenue producing female for Schaff's.

Site of Mating: M&M OUTSIDER 4003 PLD REG #: M846631

3 IVF Unsexed Embryos
CHAROLAIS

About the Breeding: This mating will yield full sibs to one of the winningest heifers in the Charolais breed this year, BRCHE TR Dory 6501 shown by Cagney Effling. Her Dam, Katie 4724 B ET, comes from the same family as past National Champion TR Ms Kaycee and the \$115,000 TR Ms Kay 30A shown by Andrew Hodges. Dory was the \$40,000 high selling female of the Thomas Ranch pasture sale. She started at the National Western being named calf champion and continued winning this summer as she was 3rd overall female at the Junior National, Reserve Supreme at the Summer Spotlight and Supreme Champion at the South Dakota State Fair. Not to mention her run this fall being named Champion Female in both the Junior and Open shows at the NAILE, and she will enter the National Show in Denver as one of the strong contenders.

Configurat **Bertsche Cattle LLC, Orinda, SD**

Lot 10 ^{Donor Dam} **TR MS RANDI 0633X** REG:F1122939
Site of Mating A: M&M OUTSIDER 4003 PLD REG #: M846631
Site of Mating B: TR MR FIREWATER 5792 R ET REG #: EM704588

Choice of 3 or 6 Sexed Female Embryos
CHAROLAIS

About the Breeding: TR Ms Randi 0633X might not be a household name, but by the time of this sale her star will be on the rise. A complete outcross cow that came out of the Thomas dispersal, 0633 is working with everything she gets flushed to. A good sample of those offspring will make their debut in Denver and by then the word will be out. Don't let this one pass you by.

Configurat **Cagney Effling & Grand Hills Cattle Co., Highmore, SD**

Lot 12 Donor Dam
WDZ KF TWIZZLER 937 P REG:F1115072
 Site of Mating: CCC WC RESOURCE 417 P REG #: M846721

3 Unsexed Conventional Embryos
CHAROLAIS

About the Breeding: Good genetics in a proven package. Resource is simply one of the hottest bulls in the breed, siring high selling bulls and females all over the country. He was the talk of Denver last year as he sired the Champion Pen of Five Bulls in the Yards for the Zehnder-Waage Partnership. This mating would result in three quarter sibs to 3 of the 5 bulls in the pen. Twizzler has been a very consistent donor, as she has produced the Reserve Bull at the BHSS, Division Champions at The American Royal, Grand Champion Female at the Minnesota State Fair. Her first calf, WDZ Nibs, was a Junior National class winner. A great opportunity to get proven genetics that are an outcross to many of the champions these days.

TR CC AUBREY 3761A ET REG:EF1169669
Site of Mating: RBM TR RHINESTONE Z38 REG #: EM823104

3 Unsexed Conventional Embryos
CHAROLAIS

About the Breeding: When Aubrey was a show heifer she had quite a bit of success, and we expect nothing less of her as a donor. Purchased from the Thomas Dispersal she quickly caught our eye with her killer look and maternal build. She has all the tools to make both purebred show heifers and club calves alike. Rhinestone is doing a great job of making high end show heifers and an added bonus are the resulting calves will be able to be mated to Outsider.

Consignor **Doris Cattle Co & Fawcett Cattle Co., Ree Heights, SD**

14 *Donor Dam*
M&M MS STEALTH 9509 PLD ET REG:EF1117989
Site of Mating: M&M OUTSIDER 4003 PLD REG #: M846631

3 Unsexed Conventional Embryos
CHAROLAIS

About the Breeding: We all know what Outsider can and has produced in a short amount of time. Factor in a cow that stems from the same program and it's a recipe for return. 9509 was the pick of the M&M herd for the PZC and RJB herds in Minnesota, later one-half interest was purchased by Grand Hills Cattle in Colorado for \$45,000. She is quickly becoming an icon in the breed. Massive, feminine and sound structured 9509 has all the parts to click with Outsider who can make one look as good as any bull in the breed.

Consignor **Polzin Cattle & Grand Hills Cattle, Darwin, MN**

15 ^{Donor Dam} **TR MS MONTELLA 1572Y** REG:F1136470
 Site of Mating A: M&M OUTSIDER 4003 PLD REG #: M846631
 Site of Mating B: TR MR FIREWATER 5792 R ET REG #: EM704588

^{Choice of 3 Embryos}
CHAROLAIS

About the Breeding: Not many cows can out gross her last sale price with her first flush, Montie did. She sold for \$105,000 in the Thomas dispersal, then heifers calves generated out of that same sale sired by Outsider sold for \$83,000, \$60,000 and \$25,000. Those heifer calves caused as much excitement in the Charolais breed in quite some time. Montie is a complete outcross to the Firewater genetics. Outsiders are Sexed Female, Firewaters are Unsexed Conventional.

Choice of 3 or 6 IVF or Conventional Unsexed Embryos
CHAROLAIS

About the Breeding: This mating blends some of the most tried and true genetics in the Charolais breed. Sally 2741Z, more commonly known as Camaro, is a direct daughter of the great Mustang Sally and sired by Diablo 2X. She was successfully campaigned by Paislee Carlson and has gone on to make a tremendous donor. Outsider continues to rack up wins and high sellers all over the country and Rhinestone is not far behind him. They will go down as a pair of the most influential sires in breed history. All embryos are unsexed, Rhinestones are IVF.

FAWCETT ELM CREEK
Right to Flush Any Cow in the Herd

Right To Flush Any Cow In The Herd
HEREFORD

About the Fawcett Elm Creek Breeding Program:

I don't know of many better opportunities in the Hereford breed right now. The Fawcett Elm Creek program has become a powerhouse in the breed and they show no signs of giving in. This program produced the Champion Horned and Polled females at the 2016 JNHE.

5064 is the Dam of Who Maker, National Champion Bull at both Kansas City & Denver. Full sisters to Who Maker have accomplished the following: Champion Polled Female, 2016 JNHE; Reserve National Champion, 2016 KILE; Supreme Champion, 2017 Houston; Champion Hereford 2017 San Antonio; 2017 American Royal Junior Show Reserve Champion. Her high sellers list is topped at \$70,000 with several at \$40,000 plus. A son will be a highlight lot at the Mile High Event in Denver 2018.

711 is a consistent producer of high sellers including the Reserve National Champion Pen of Three Bulls in Denver. The lead bulls, ECR Chosen One and ECR Rushmore, commanded 50,000 and 35,000. Many of her daughters have been great producers and have sold well at auction.

Pick of the herd flush includes these two donors but is not limited to them. Any cow in the herd will be available for IVF or Conventional Flush.

No virgin heifers will be flushed. Semen will be provided on any FECR owned bull at no expense.

FECR will allow the flushing of two donors if the sires can be agreed upon and those two flushes will be split.

Flush Rules (see Sale Terms & Conditions): A minimum of six (6) embryos, Grade One, transferable embryos are guaranteed to the buyer. Purchaser will pay 25% of purchase price at time of Sale and the remainder of the sale price during time of flush.

23 **CHEZ TR PRAIRIE BERRY 3764 ET** REG:43429997 **HEREFORD**
 Site of Mating A: BR BELLE AIR 6011 REG #: 43724674
 Site of Mating B: CRR ABOUT TIME 743 REG #: 42797564

About the Breeding: This mating is a very rare opportunity to say the least. Not only are the genetics from the Prairie Berry donor hard to come by, the option of having embryos by the 2017 Supreme Champion Hereford at the National Western makes it even more special. BR Belle Air semen is not being offered to the public and About Time is still cranking out as many high sellers and champions as any bull in recent memory. You couple that with Prairie Berry donor, a full sib to Full Throttle, you have a mating that is will be as solid return on investment.

 Site of Mating A: CHAC MASON 2214 REG #: 43303660
 Site of Mating B: H TSR CHEZ FULL THROTTLE REG #: 43425085

About the Breeding: The mother of these eggs was purchased in a package of eggs from a past Gold Rush Embryo Sale. She went on to command \$110,000 at the Mile High sale in Denver. The Full Throttle mating has already produced countless dollars of revenue. Selling cattle to Express Ranches, Lemenager, and The Hoblyn Family just to name a few. The Mason mating will only continue to promote the Red Wine tradition, adding length as well as style and bone, to an already super complete package. An extremely fertile cow that gives us all a chance to profit.

SM MARY ANN ET REG:43324351
Sire of Mating: R LEADER REG #: 43500058

3 Unsexed Conventional Embryos
HEREFORD

About the Breeding: SM Mary Ann (Helen) was the Champion Hereford female at the 2013 South Dakota State fair, she's quite possibly the best daughter of Mary Jane 0251, who has written her own page in Herford history. Helen is a before her time type of female who has incredible neck extension while still maintaining body dimension and stoutness. We feel her mating to Leader could blend the best of traits to make the next best type of Herford cattle.

BLME GEORGINA 58U REG:42931737
Sire of Mating: DKF RO CASH FLOW 0245 REG #: 43135190

3 Unsexed Conventional Embryos
HEREFORD

About the Breeding: A solid mating that blends line one genetics, in the bottom side of 58U's pedigree, with one of the most popular bulls going right now. DKF RO Cash Flow has been siring some of the breed leaders both in the show ring and in the pasture. Most notably Cash Flows son, ECR Who Maker, was crowned Champion Polled Hereford Bull at the National Western, and brought \$38,000 at auction. With Who Maker semen not being available it makes the Cash Flow progeny even more valuable. Georgina 58U has been a solid producer both in the purebred world as well as the club calf industry.

Sire of Mating A: H L1 DOMINO 3053 REG #: 43389393
Sire of Mating B: MH 9126J DOMINO 382 1 ET REG #: 43407497

About the Breeding: She is the one that started it all. Wrangler 207 is the dam behind the great R Sweet Red Wine, a female who is responsible for more dollars generated in the Hereford breed than any other cow in the last decade. A great cow in her own right, 207 was that dam of a \$22,000 female that sold to Indiana. A different twist on her mating options to boot.

H L1 Domino 3053 was the lead bull and high seller out of the Hoffman Ranch carload in 2014, a truly unique Line One bull. The other option is MH 9126J Domino, the \$52,000 high seller for Mrnak Herefords.

Right to IVF Flash

RED ANGUS

Daughter of Cita

About the Breeding: Not much else can be said about the great Cita cow and what she has produced. Her resume is overrunning with national champions as well as sires and donors who impact multiple breeds. Her two most notable sons are TMAS PZC Firestorm and PZC TMAS Powerhouse. Her ability to produce show heifers that win has been proven at the 2016 National Junior Simmental Show and the 2016 National Red Angus Show. She is still the talk of the breed as her genetics were the highlight of the Weidenbach dispersal held at Chain Ranch in Oklahoma. However you look at it this is a cow who has a track record and still has the ability to produce. Selling an upcoming IVF cycle with a guarantee of 3 pregnancies.

Sire of Mating B: RED BLAIR'S BINGO 581B REG #: 1832236

Choice of 3 or 6 IVF Unsexed Embryos

RED ANGUS

About the Breeding: Wild Rose 1002 is making her mark as one of the best Doc Holiday daughters in the country. Her direct progeny and descendants are becoming some of the most sought after Red Angus out there. Three daughters by three different sires averaged \$7,800 for Phil Farmer in Ohio. A granddaughter sold for \$33,500 in the Flash and Function Sale in Montana. The two bulls represented in this lot are some of the breeds up and coming studs. LSF SRR Takeover 5051C, AKA Beartooth, was produced in the Ludvigson Stock Farm herd in Montana and purchased by Weber Land & Cattle and Harmony Hill, MT. He is a good numbered, moderate, sound structured sire that you will be seeing more of from in the future. Bingo 581B is one of the best Kargo sons in the breed.
