Feedback*

There is no question the shine and bloom that dyeing any black steer or heifer can add. Sullivan's new BLAQ does the best job of that all while being easy on the hide.

**I'm a big fan!**

—Jerrod Arthur; Owner,  
Lucky Strike Show Cattle, Oklahoma

Express Ranches was excited to try the new BLAQ hair dye! The cost-effective 37oz bottles in the kit were great for us instead of opening all the smaller bottles. The dye covered the cattle a bright black and did not irritate the hide.

**We will be using Sullivan's BLAQ from here on out!**

SULLIVAN'S

## HYDRATOR NOURISHING CONDITIONER

- Replenishes Natural Oils
- Vitamins Feed the Skin & Hair
- Proper Balance of Oils
- Light Weight & Fast Absorbing

Scientifically formulated hydrating & nourishing conditioner that uses the hair and skins natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hair health as well as hair growth and strength. We took a look at some of the oils used in today's hair care products and realized that for the high % of the oil used they were only contributing to a low % of the actual nutrition to the hair and skin so we flipped the script and found oils that provide way more nutrition per percentage used with less actual oil so it stays light.
