It is a pleasure to invite you to our annual Star Search Sale. This past year was difficult for many, and threw us countless curveballs and challenges. However, we as an industry not only survived but also led by our example of how to face hardships head on. Thanks to the hard work and dedication of those that are responsible for producing livestock shows this past year, we were able to have something resembling a normal show season for our livestock families. Let me say thank you again from all of us!

I thank God each and every day for my family and my job. I realize how lucky I am to have such a loving, supportive, hard working, beautiful wife and an amazing little girl that makes every day worth living, especially when she tells me she loves me. I realize how lucky I am to have been born into a family business that would turn out to be a passion and almost obsession for the rest of my life. I also realize how fortunate I have been to have the love and support of my grandparents, parents, uncle, and aunt. I hope I can continue to keep Cates Farms achieving what my grandfather dreamed it would be and continue building on what my dad and Uncle Randy have already accomplished.

My dad, Randy, and I love our families and each other and because of that we have decided that now, following the passing of my grandmother last spring, it is the opportune time for me to take over ownership of our Shorthorn operation. We will be offering all of the Shorthorn females owned between the three of us, as well as our other partners, many of whom we consider family.

Our herdsman Kyle Shoufler has been one of the main reasons for the success of Cates Farms over the last five years. It is such a blessing to have someone with his talent, character, and knowledge to head our program into the future. He and his fiancée Lauren are the driving force of our program and we want to thank them for all they do. We also want to thank all of our staff, both here at home and at shows, especially Tanner Cates and Skyler Bennett, for making Cates Farms and Sunrise Sunset Farm what they are today.

We are very happy to have a business and lifestyle, that although it is exhausting, time consuming, and expensive, is a great way to raise a child. We invite you to join us in the future of our program, we can raise our children together doing not only something that we have a passion for, but something that will benefit our kids forever. The experiences and positive traits they learn from this way of life will be the building blocks to shape their future. We sincerely hope that you will join us in Modoc on September 4th for our sale.

LEVELDALE BLOSSOM 230Z	SULL RED DEMAND 9329 ET	YEPD 89
	LEVELDALE BLOSSOM 933W	MEPD 19

What this bull has done for our program is remarkable. We desperately needed a bull to put some power and dimension back into our cattle after working hard on reducing our birth weight epd's. We needed a bull that could raise stout rugged bulls that would be desired by other breeders. We also needed to inject some different bloodlines, while still excelling in the show ring. It is amazing one bull was able to accomplish all of that. We will still be using Boardwalk through our AI and et Programs as much if not more. This bull was a true Program changer for us, and will be for you as well.

Selling full possession and walking rights. Cates Farms is retaining full-interest and all semen sales.

LOT 3A -

This mating of 3289 to Long Look combines the two most powerful and influential cow families of the past decade for us. This particular female will be at the top of the list for many. She is so powerfully built from the ground up and very elegant in her design. Your trophy and banner room could get a little more crowded if you are the lucky junior that ends up showing this one.

LOT 3B -

This is a very broody and maternally built female. She is sound in her structure and is bred to be a great brood cow and not just a show heifer.

LOT 3C -

This young lady has what we call some "it factor." Her striking profile along with her extremely powerful build will impress many judges. We think this one can be special all the way through.

LOT 4A -

This mating has been responsible for more National Champions than any the past ten years. Here is a very complete attractive female who will be competitive and holds great breeding value.

LOT 4B -

I've always thought this one looks like a cow trapped in a calf's body, and I like it. I think this is a unique female that will be very popular in the show ring and be a big time generator for her new owner. Donor cow for sure.

LOT 4C -

Here is another tremendous full sister that has been impressive since birth. These 3289 females not only win shows but they are some of the most fertile females we have dealt with. They breed easy and make lots of eggs typically.

LOT 4D -

Bred to Conley Turning Point; due 04.26.2022.
This female will share the same pedigree as so many well known and popular females. When marketing her Progeny this will always be a selling factor.

CF V8 MONA LISA SMILE 526	SULL MONA LISA SMILE 615	MEFD 13

LOT 7A - These three females are full sisters to Samantha Van Vorhis plus show heifer of the year last year. This one already gained a lot of friends at Junior Nationals by winning her division. This is your chance to take that momentum and run with it. Lauren has named this heifer Sadie and would like to retain visitation rights.

LOT 7B - I really like this female's kind. She is so three dimensional in her kind and still so flat shouldered and free moving. Keep this heifer's front end lean and I think you will have a chance as a big time contender.

LOT 7C - This has been a very consistent and powerful mating. The great 526 cow is no longer with us and I feel owning a daughter of her could be worth a lot. This one should be very competitive in her age group and beyond.

Bred to FREE K-KIM Hot Commodity; due January 25, 2022.

Here is a really cool breeding piece that could potentially pay for herself with her first calf. Functional built female with a bright future.

THE BLACK MATTIS'S

LOT 26A

LOT 26B

LOT 26A - ShorthornPlus/ MaineTainer

This is one of the most exciting females in the sale both in build and pedigree. Her mother was National Champion ShorthornPlus Female in 2014 for Chloe Martin. Her mother is now the lead donor for the Knepp family. This heifer is registered as both a Plus and a MaineTainer. She has the extreme quality to compete at the highest level as both.

LOT 26B - ShorthornPlus/ MaineTainer

This younger full sister is also very intriguing. She offers so much style and extension, while also being extra stout featured. This one is dual registered also, and could get to the backdrop either way you decide to go.

GENERAL INFORMATION

Feeding & Showing Terms: We pride ourselves in the professional way we exhibit your purchases. Here, at Cates Farms, we employ some of the best fitters in the business at both the farm and the shows. We spare no expenses to exhibit your cattle to ensure your success. The charges below are not designed for us to make money, rather to insure we can continue to offer the best service to you. Each animal that will be located at Cates Farms show barn will be charged \$25/day. Each animal will be charged \$250/day while attending shows with Cates Farms crew. This will cover all expenses while at shows. All animals must be insured while in our care/possession. Any veterinary expense above routine will be owners obligation. All accounts will be billed monthly.

Breeding Update/Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Flushes: All females in which flushes are retained, semen will be provided by Cates Farms. Flushes to take place in new owner's possession. Cost will be split. On all flushes sold, Cates Farms will offer semen on any of our bulls.

Breeding Guarantee: All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association. An exception would be through mishandling either obesity or under nourishment and illegal practices associated with showing the female.

Registration & Transfer: All animals sell with completed pedigrees or applications for registration.

Bred CF S/F Ultimate Reward; March 9, 2022.

I think a lot of you will find this female on sale day. She is amazingly long and extended and attractive. She also has a huge hip and is flawless structured. She has always been easy to get bred and is defiantly due to have the first heifer calf of her life. An Ultimate Reward heifer out of this female could be awesome. If she were still going to be mine that is how I would flush her.

	SHOUFLERS BINNIE 609 X	

Bred to Leveldale Boardwalk; due February 17, 2022.

We made a great decision when we made the last bid on this females in Shouflers sale. She has been a model female that gets bred on time milks hard and paid for herself on each of her first two calves. We think her bull calf this year is big time. This is Kyle's favorite all time cow family.

This is a very impressive individual. Fortitude is a very bold and strong looking bull hence the name. He has really nice big feet, good testicles and a very attractive look to go a long with it. We think Fortitude can be a very versatile herd sire that can produce cattle that will excel in all facets of the industry, both male and female. We think he will be able to hold his own in the show ring as well. He offers a impressive balanced EPD profile to top it off.

Being a part of the journey that SSF lady 5030 has had this spring and summer has certainly been something we will never forget. We have thoroughly enjoyed working with the Ferree/ Fitzgerald families and crew and give them all the credit for her amazing presentation. It is exciting for us to be able to offer five sisters to 5030 in this sale and we think this full sister will demand your attention and respect right off the bat. There are so many similarities to her sister but she is a little stouter and comes in an older and more mature package than her sister did last year.

As you will see in this sale we have never had a bull that the Lady Impression cow has not worked with. This mating to No Limit brings the famed Sandy cow family as well as Dameron First Class to the table. This female is incredible in her length and depth of body and works off a tremendous hind leg. We offer these great female's with our great friends Lanis and David Smith.

AI'd to Conley South Point with Sexed Heifer semen; due January 23, 2022.

This another bred of extreme quality and another beautiful daughter of the Lady Impression cow. We love our Native Joe cattle and plan for him to continue to be a part of our breeding program. Connor Dupler bought a bred heifer out of last year's sale bred to sexed semen and had an incredible heifer calf. That heifer calf just won her Division at the Ohio State Fair and I can see him doubling his money on her first calf. That's what we are going for with these breeds.

	SCC ECHO DELL NELLIE 6005	<u>MEPD</u> 24

One reason we have gravitated to the Lady cow family is because in our experiences no other show cattle producing cow family offers more functionality and maternal cow power. We raise show heifers but still want you to have a beautiful Angus cow when you are done. This female will have no trouble completing this task as her mother is one of the most ideal cows on the farm.

LOT 54A - Cattle don't necessarily have to have a really long neck to survive, but like it or not it's still going to get you more banners and backdrops in the show cattle world. This one is as long and attractive through her front one third as any in the offering. She combines this with being long spined big bodied and good moving. This is a national level competitive female.

LOT 54B - This is a smooth made big bodied heifer that will catch a lot of eyes. This one is very easy keeping and will not require a lot of feed which is an added bonus. This is a really nice heifer from a really Proven mating.

LOT 54C - It's always a good idea to have a marketing plan for your show heifer after her show career. That is why cow families and pedigrees are so important. This female has a lot of successful full sisters that will be useful for advertising.

EXAR ENVIOUS BLACKBIRD 5983	EXAR ENVIOUS BLACKBIRD 1760	<u>MEPD</u> 15

This is probably this stoutest most massively designed angus female we have ever raised. She has been impressive her whole life. I loved the Exar Envious Blackbird 1760 cow that the Cox family showed from Express and am so happy to have her influence in our herd. This powerhouse January show heifer could be a true changer as a donor.

LOT 57A - We unfortunately lost our great Blackbird Horizon donor this year due to injury. She was a great producer and one of the most incredible flushing females we have ever dealt with. Many of you will remember her daughter that Marcus VanVorhis showed so successfully in Ohio and had a division champion with last fall in Louisville. This Express daughter is incredibly attractive and extended up front and she should help carry on her mother's legacy as a powerful show heifer producer.

LOT 57B - This Express daughter offers a stouter more powerful build than her sister and is very correct on her feet and legs.

AI'd with Sexed Heifer semen to Conley South Point; January 23, 2022.

This is a full sister to the 4269 female shown last year by the Van Vorhis family. This stout boned female should mate very well to South point and will have you a heifer calf in late January.

THE BLACKCAP'S

58A**SSF BLACKCAP 2181**

The Blackcap 5220 cow was our first Angus donor and she has transmitted so many maternal qualities into our herd. This is a full sister to the female the VanVorhis family showed that won Ohio state fair and was Reserve Grand Champion at the all American Angus Futurity. Another full sister was shown by the Doerstler family and was champion cow calf pair at this year's state preview show.

AI'd with Sexed Heifer South Point semen; due February 26, 2022.

This beautiful Blacklist could have very easily have been in some ones show barn. This is definitely one of my favorites. She looks like a show heifer and is bred to be an ideal female in production. This one reminds me a lot of the bred female John Hill bought in last year's sale. Her Turning Point heifer calf has her payed for and then some on her first calf. This female could easily do the same bred to sexed South Point.

AI'd with Sexed Heifer semen to SSF On Point; due March 20, 2022.
 If a person was going to start a herd and have all their cows alike, I believe this female could be the perfect prototype. 5143 is as good footed and structurally sound as you can make one. She breeds easy and flushes great. She has an ideal udder and milks very hard, and is beautifully made in her moderate framed wide made body. She is still has a lot of her prime producing years in front of her. We are offering her with our great friends, the Boyert family.

This young female has a lot of the same great traits as her mother. She is wide made good structured and maternal in her build.

	SILVEIRAS STYLE 9303	YEPD 83
CONLEY S SIS SANDY 4313	K N C CABIN CREEK SANDY 804	MEPD 14

Cortney and I tried for years to buy a Sandy but all the ones we liked were way out of our budget. This wonderful females dam was still the most expensive female we have ever purchased. I'd say she well worth it. We are so proud of what On Point has been able to do in such a short amount of time. This heifer will show with any of them. Her flawless structural design is what really sets her apart and will make her tough to beat.

THE STOCKMAN'S

	LEACHMAN SAUGAHATCHEE 3000C	YEPD 83
SSF ADRIANA PRIDE 2103	SULL STOCKMAN 8404	MEPD 14

The SULL Stockman cow was made famous by Sullivan Farms making National Champion ShorthornPlus' for years. We think this Saugahatchee daughter of hers has produced an Angus heifer calf destined for big things. This young heifer calf is incredible in her structure and has tremendous balance. She offers the outstanding hair coat that is so desired in today's Angus shows as well.

GENERAL INFORMATION

Feeding & Showing Terms: We pride ourselves in the professional way we exhibit your purchases. Here, at Cates Farms, we employ some of the best fitters in the business at both the farm and the shows. We spare no expenses to exhibit your cattle to ensure your success. The charges below are not designed for us to make money, rather to insure we can continue to offer the best service to you. Each animal that will be located at Cates Farms show barn will be charged \$25/day. Each animal will be charged \$250/day while attending shows with Cates Farms crew. This will cover all expenses while at shows. All animals must be insured while in our care/possession. Any veterinary expense above routine will be owners obligation. All accounts will be billed monthly. **Breeding Update/Calving Information:** There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog. **Flushes:** All females in which flushes are retained, semen will be provided by Cates Farms. Flushes to take place in new owner's possession. Cost will be split. On all flushes sold, Cates Farms will offer semen of any of our bulls. **Breeding Guarantee:** All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association. An exception would be through mishandling either obesity or under nourishment and illegal practices associated with showing the female. **Registration & Transfer:** All animals sell with completed pedigrees or applications for registration. **Location:** The sale will be held at the farm which is located one mile east of Modoc on Route 36, on the north side of the road. **Air Travel:** There are commercial flights to Indianapolis, Indiana, and Dayton Ohio. There are private paved strips at New Castle and Winchester, Indiana. **Terms:** The terms of the sale are cash or check payable to Cagwin Cattle Services, Inc. Payment to be made to the clerk immediately following the sale and before the cattle are removed from Cates Farms. Purchasers or their representative must sign

the bill of sale prior to leaving the sale site. **Billed Accounts:** All billed accounts are due and expected within 10 days of the sale date. **Insurance** will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk. **Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at Cates Farms have been vaccinated. A list will be available on sale day listing any non-vaccinations. **Announcements** made sale day will take precedence over printed material in this catalog. **Genetic Conditions:** We apologize that the results for all genetic conditions are not done at the time of the catalog. We at Cates Farms feel it is very important to have all carriers identified we also believe cattle with these genetic conditions are still as valuable and useful as before. It is up to us as breeders to simply be responsible when mating them. Complete results on all genetic conditions should be done by sale day and will be provided to you on an added sheet. **Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending. **Transportation:** The Cates Families will make every effort to assist you in your transportation needs. Local trucking will be available. **Mail Bids:** Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of Cagwin Cattle Services, Inc., a special representative, a sale consultant or a member of the Cates Farms firm far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

THE ANNIE LU'S

62 SSF SKY ANNIE LU 5011

ANGUS Cow | BLACK | 05.01.2021 | 5011 | AAA 20099086

PVF BLACKLIST 7077	PVF INSIGHT 0129	BEPD -
	PVF BLACKBIRD 3070	WEPD -
SSF ANNIE LU 4168	COLBURN PRIMO 5153	YEPD -
	PLUM CREEK ANNIE LU 4472	MEPD -

This great young may heifer calf is certainly a stand out. She was raised by the Bennett Family and is out of a full sister to On Point that Skylar showed. I'd say they mated her up just about perfectly when they chose Blacklist. This one is freaky fronted, big bodied and sound. That coupled with her awesome hair make her a junior showman's dream. It is so rewarding for us to see these show heifers producing for their owners.

	O S U EMPRESS 2134	MEPD 25

Bred to Conley South Point; due October 2021.
This has been a really good Productive female for us. She was our pick of all the Dameron Bred heifers the year we bought her. Her first calf was a tremendous bred heifer that equaled her purchase price. She then raised a \$13,000 Watchout family that went to our good friends, the Hutchins family. That heifer went on to win her class in Louisville in both the open and junior shows. We bred her Back to Watchout to try and replicate that female.
